

Rep. Case Pushes Anti-Strike Bill

WASHINGTON, Jan. 9 (AP)—Rep. Francis Case (R., S. D.), Thursday introduced legislation authorizing the government to enjoin labor unions from strikes that endanger the public welfare and making workers as well as employers liable to unfair labor charges.

Case, author of a labor bill that passed Congress last year only to meet a presidential veto, said his new measure is intended to let labor and management "live together" in peace.

In a statement he said he does not consider his measure "the bill" but "a bill" which he hopes will afford "an opportunity to meet our responsibilities in a comprehensive way."

Senate and House leaders have set January 20 as the "outside" date to start hearings on new labor legislation.

Case's new bill expands in some respects on the one which failed last year. In other aspects it goes beyond the top Senate bill introduced by Senators Ball (R., Minn.), Taft (R., Ohio), and H. Alexander Smith (R., N. J.).

Food Lack Predicted

WASHINGTON, Jan. 9 (AP)—The agriculture department reported Thursday that failure of world exports to reach goals during the past six months may cause critical food shortages in some overseas areas before this year's harvests.

Weather Forecast

Oregon: Cloudy with occasional light rain in west and light snow in east portions Friday, clearing Saturday. Colder Friday night, moderate to fresh southerly winds off coast shifting to northwest.

Atom Control Still Top -- U. S.

LAKE SUCCESS, N. Y., Jan. 9 (AP)—In the face of Russian charges that the United States was stalling on the whole question of arms reduction, the American delegation to the United Nations stood firm Thursday night on a demand that control of atomic energy must come first.

"Effective international control of atomic energy is the key to the whole program and must come first," Herschel V. Johnson, U. S. delegate, told the security council emphatically at the outset of full-scale debate on the basic arms proposal laid down in December by the general assembly.

Johnson took the floor after Soviet Delegate Andrei A. Gromyko, recently named Deputy Foreign Minister, blandly accused the United States of seeking to delay measures for general regulation and cutting of arms and armed forces. Gromyko said the American delegation had adopted a take-it-or-leave-it attitude.

Soviet Glad Byrnes Out

SHANGHAI, Jan. 9 (AP)—The Soviet-owned Russian Daily News Thursday welcomed the resignation of U. S. Secretary of State Byrnes.

His "foreign policy possessed a clearly imperialistic character and in many ways proved an obstacle to solving a whole series of important questions before the U. N.," the paper said editorially.

Three Trainmen Killed

ST. PAUL, Minn., Jan. 9 (AP)—Three trainmen were killed and four cars of the 11-car west-bound "Empire Builder's" pullman section were derailed Thursday night when the locomotive blew up near Crary, N. D., 398 miles west of St. Paul, Great Northern railway officials said.

U. S. Wants Collection Of War Reparations

WASHINGTON, Jan. 9 (AP)—State and war department officials said Thursday night the United States is determined to start collection of reparations from Japan immediately, even without full agreement on terms with Russia and other war-time allies.

Assistant Secretary Howard C. Petersen of the war department advised that General MacArthur and the Japanese should be told as soon as possible what levels of industry Japan will be permitted to keep "so that the Japanese can work out their economic recovery on a realistic basis and cease to be a charge on the American budget."

Koo Demands Darien

CLEVELAND, Jan. 9 (AP)—China's ambassador to the United States, Dr. Wellington Koo, called Thursday night for a "prompt return" of the Manchurian port of Dairen to Chinese control.

Franco Exiles General

MADRID, Jan. 9 (AP)—Gen. Antonio Aranda Mata, Spanish monarchist leader who reputedly had sought to unset Generalissimo Francisco Franco, has been ordered into exile for two months by the Franco government, his associates said Thursday.

Proprietor Predicts Hotel Price Jump

SALEM, Jan. 9 (AP)—A prediction that most Oregon hotels will retain rates close to present minimum rates but probably will raise rates for higher priced accommodations to reflect cost-of-operation increases was made here Thursday night by W. W. Chadwick, proprietor of Chadwick hotels and president of the Oregon State Hotel association.

Chadwick's statement followed executive action in the nation's capitol to remove rent ceilings on transient rooms, effective February 15.

Reclamation Group Gives \$50,000,000

BOISE, Idaho, Jan. 9.—(AP)—The Bureau of Reclamation awarded major contracts totaling \$50,000,000 in the Pacific Northwest during 1946, one of the largest work programs ever undertaken by the organization in a single year, the acting regional director, J. Lyle Cunningham said Thursday.

Major activities included the start of construction of irrigation facilities on the million-acre Columbia Basin project.

The value of some construction contracts awarded by the bureau included: Columbia Basin, \$42,897,141; Roza division of the Yakima project, \$1,191,505; Hungry Horse project, \$1,453,098; Boise project, \$4,125,476; and Deschutes project, \$602,832.
