

# Spring Registration Plan Announced

By LEONARD BERGSTROM

A new registration plan, incorporating the best features of plans used by leading universities throughout the nation, was announced by C. E. Avery, University registrar, Thursday. The new plan is effective spring term, registration for which will be during the period February 24 to March 8.

Registration material for returning students enrolled this term will be issued on an appointment basis February 24, 25,

and 26. Appointments will be in alphabetical order, definite schedule to be announced later. All material needed by the student for registration, i. e., official study program card, class cards, and time schedule will be given him in an envelope already prepared. This will be done in Johnson hall at the scheduled time.

The student is to fill out all cards and confer with his adviser for approval of courses. The adviser will sign the study card. No further departmental approval is required.

#### Check with Dean

Following this the student is scheduled to visit the office of the dean of men or dean of women for clearance of housing of the dean's information cards. In the case of veterans it will be necessary that identification cards be validated. Those students requiring emergency loans may make application at this time.

Fees then are paid at the cashier's windows, second floor, Johnson hall, where the student will also receive his student body card.

Next, the registration material is to be turned in to the registrar's office, also on the second floor, Johnson hall, for checking and filing. The clerks will retain the completed official study program card and will check the class cards for correctness. The cards will be stamped and returned to the student who will deliver them to department clerks when called for sometime prior to the beginning of spring term.

#### Present Cards

If, on March 31, the cards have not been called for, students will go to the appropriate department offices and present their class cards. They will then be officially enrolled and assigned to sections.
