## Russians Ignore Request To Discuss Lend-Lease

WASHINGTON, Feb. 6—(AP) A personal appeal by Ambassador W. Bedell Smith in Moscow to Soviet Foreign Minister Molotov for negotiations to settle Russia's \$11,260,000,000 lend-lease account has brought no result, the senate appropriations committee learned today.

Senators said Chester T. Lane, lend-lease administrator, reported the failure of Smith's appeal and of earlier notes asking the Soviets to discuss a settlement.

W. W. Smith, chairman of the maritime commission, told a house merchant marine subcommittee at the same time that the Soviets have ignored since last March 18 American efforts to get them to return 95 lend-lease ships. The group asked the state department for the correspondence.

Lane and Willard Throp, assistant secretary of state for economic affairs, appeared before the appropriations group to ask congressional approval of a plan by which \$25,094,925 in equipment in storage or on order in this country could be shipped to Russia.

William L. Clayton, undersecretary for economic affairs, explained in a letter that the Soviets put up the cash when President Truman ended lend-lease in September, 1945.

## VFW Asks Pay Boost For On-the-Job Training

WASHINGTON, Feb. 6—(AP) The Veterans of Foreign Wars advocated today that the ceiling on on-the-job training allowances for veterans be increased to \$325 a month.

Omar V. Ketchum, V.F.W. national legislative representative, gave the house veterans committee specific endorsement of a bill by Rep. Kearney (R., N.Y.) to set a ceiling of \$325 a month for veterans with two or more dependents, \$300 for veterans with one dependent and \$250 for veterans with no dependents.

## McNarney Sees Need Of Palestine Settlement

FRANKFURT, Germany, Feb. 6 (AP)—Gen. Joseph T. McNarney said today he had told Herbert Hoover he believed the "only feasible way" of solving America's Jewish problem in Germany is to permit resettlement in Palestine.

"The only way we can settle the Jewish problem, in view of the Jews' determination to make Palestine their homeland, is to permit resettlement," McNarney said.

## Colonel Views \$200,000 Lot As 'Souvenirs'

SAN FRANCISCO, Feb. 6—(AP)—An army colonel with an excellent record in both world wars declared today that \$200,000 worth of diamonds, emeralds, a big ruby and pieces of jade he acquired in Tokyo last winter were souvenirs.

The officer, 55-year-old Col. Edward J. Murray of Palo Alto, California, had been in charge of vaults in the Bank of Japan where gold, diamonds and other valuables have been stored during the occupation.

In an unusual interview at Fort Mason, Murray said the dazzling collection of jewelry had not come from the bank's vaults, but added with tight lips: "I'm not telling anybody where they came from. There is a reason."

He talked freely after learning General MacArthur had ordered him placed under technical arrest.

"Jewels and precious metals were found all over Japan," he said. They were hidden and tucked away in warehouses and many other places. Whoever had valuables just took off with them when they learned we were coming, and buried them."

He said service personnel had found many valuables.

"Just like a big Easter egg hunt?" someone asked.

"Well, yes," the colonel replied.
