

## Students May Give Fall Balance to SU

In the same manner as during last term registration, each student may voluntarily turn over their breakage fees as a gift to the Student Union building fund, Wally Johnson, SU head, has announced.

A card may be obtained upon request at the cashier's window of Johnson hall when paying registration fees which will assign the balance of the fees to the SU. The campaign is under the direction of Jim Luckey, a member of the Student Union committee.

The cards read: "To University of Oregon Student Union building fund as a gift, any balance remaining in my student general deposit after all other charges assessed to me have been satisfied."

## Minister to Address College Supper Group

Rev. Paul A. Davies, superintendent of the Congregational Conference of Oregon, will speak to the College Supper group of the Congregational church, at 6 p. m. Sunday in the church dining rooms.

Chairman for the evening will be Dorothy Davies, a senior in romance languages, who will introduce her father to the group.

Active in young people's work for many years, Rev. Davies will be in Eugene this weekend mainly to attend the Oregon State Pilgrim Fellowship conference being held at the First Congregational church for high school students.

All students are invited to attend the supper and talk Sunday evening.

Oil wells sometimes are as much as three miles deep.

## Episcopal Bishop Visits On Campus

Bishop Lane W. Barton, newly consecrated bishop of the missionary district of eastern Oregon, arrived on the campus Tuesday morning and is planning to remain here until Sunday evening.

Bishop Barton's primary purpose for being here at the University is to become acquainted with the campus and to contact students who are Episcopalians from eastern Oregon.

Bishop Barton will be the celebrant at the 8 a. m. communion service Sunday at the St. Mary's Episcopal church. At the 11 a. m. service he will deliver the sermon and at 5:30 p. m. will meet with the Canterbury club.

The sky tends to become darker in the stratosphere and stars can be seen readily in the daytime.
