

Food Spots, Co-op, Barber Shop Oregon's, With Student Union

By DONNA KLETZING

(This is the second in the series of articles explaining the floor plans of the Student Union building, floor by floor.)

The ground floor of the SU will be the center for most of the students passing through the building. Upon entering the main entrance of the SU on University street, the students will pass through the leather lounge, out to the gardens, and on through to Onyx street. The building is designed so that the students will pass through it on their way to classes from John Straub or any other living places east of University street.

International Relations To Elect New Officers

The International Relations club will hold an important meeting May 8 at 7:30 p.m. at the Phi Delta Theta house, Pat Darby secretary of the organization announced yesterday.

The club will hold elections of officers and plans for the coming year will be discussed. Dr. Paul Dull, professor of political science, will also give a short talk.

Engaged Women To Be Feted at Breakfast

The traditional Pansy Breakfast of Delta Delta Delta honoring all senior women who are engaged to be married will be held this year on Sunday morning, May 18. The colorful pansy ring ceremony, in which the engaged girl steps through the ring of pansies as her name and that of her fiancee are announced will follow the breakfast.

Marie Lombard and Helen Gatewood, in charge of invitations, ask that any girl who has become engaged since the houses were contacted, or has not turned in her name to do so by contacting Delta Delta Delta immediately.

Who Threw the Overalls

The soup-ladler's kettle in the cafeteria line of veterans' commons was tagged Friday noon with an anonymous notice posted by some campus wag.

The inspired inscription proclaimed:

"Hash Soup. Free!! Barnacles and bilge. The remedy for that feeling of well-being. Take a chance!! Wot th' hell!!"

Petition Deadline May 5

Petitions for positions on the clean-up committee for the all-campus picnic on Junior Weekend must be submitted to Mary Stadelman at the Tri Delt house or to Dave Dimm at Hunter hall before 5 p.m. May 5.

Democrats in President Truman's home county joined a politically inexperienced war hero's lead Friday to purge themselves of factionalism, particularly the Pendergast label.

WASHINGTON, May 2 (AP)—Case (R., S.D.) said Friday that Congress must consider whether foreign relief programs may require curtailment of public works construction in the United States.

In July, 1876, Deady hall became the first building on the University of Oregon campus.

France's losses in material destruction during World War II have been estimated at \$28,000,000,000.

Co-op Annex

A Co-op annex will be on the ground floor, the main Co-op staying in Chapman. There will also be a barber shop, a lost and found department, a magazine stand, an information desk, the hotel control center, Outdoor Club offices, a post office run by the United State Post Office, and a bank. No other Student Union in the country has included a bank as yet and all people in this area, whether students or not, will be allowed to use the bank.

Several eating services and rooms will also be located on the ground floor. A soda-bar will be centrally located that will provide fountain service and snacks. The architecture for this room, which is 40 to 90 feet, will be on the order of a tavern with tables and booths for eating, studying, reading, a bridge game, or some other games.

Cafe for Students

A cafeteria, which will be a little smaller in square footage than the soda-bar room, will provide hot meals for those who want them. This room will also be equipped so that the serving end of the room may be partitioned off to make a dancing or party room for special occasions.

A third eating place will be a bag lunch room for students who bring their own lunches. This will eliminate eating bag lunches on the campus.

The main kitchen with refrigerator space, a meat shop, preparation room, and the serving facilities will be on this floor. Employees' locker spaces and food storage rooms will also be seen on this floor.
