

## Phone Strike Ends in Far West As Local C.I.O. Votes Return

### Car Making Falls Due to Steel Lack

DETROIT, May 12 (AP)—More than 40,000 Michigan auto workers were idle Monday as a critical steel shortage forced car production to its lowest ebb in six months.

Shut down were final assembly lines of all four Chrysler divisions—Plymouth, Dodge, De Soto and Chrysler; final assembly lines of two General Motors divisions—Buick at Flint and Oldsmobile at Lansing, and six Briggs Manufacturing Co. plants.

It is estimated that the average man shaves 20 square miles of face during a life time.

SAN FRANCISCO, May 12 (AP)—The five-weeks-old telephone strike in the far west ended Monday, to all practical purposes, as the last of the important telephone unions ratified settlement terms.

Following an earlier back-to-work vote by the CIO American Communications association, the United Brotherhood of Telephone Workers late in the day ratified a contract offered by the five-state Pacific Telephone & Telegraph company and prepared to man their jobs at once.

Only the National Federation of Telephone Workers remained on strike, but in northern California and Nevada and much of the rest of the Pacific coast the union had little or no representation.

Another joint meeting between the company and the NFTW was scheduled for 10 a.m. Wednesday, federal conciliators announced.

WASHINGTON, May 12 (AP)—President Truman was reported at the capitol Monday to be considering Donald M. Nelson, Robert M. LaFollette Jr., or Mark F. Ethridge, among others, to administer the \$400,000,000 aid program for Greece and Turkey.

Wyoming has fewer ranches and farms today than it had ten years ago.

## Wallace Asks Socialization Of Coal Mines

MINNEAPOLIS, May 12 (AP)—Henry A. Wallace said Monday that "the time has come to nationalize the coal industry under some type of coal authority."

The former vice president said that "the world needs for coal are so great that neither the obduracy of the operators nor the stubborn will of John L. Lewis should be allowed to cause the suffering and paralysis which would result from a coal strike."

In a speech prepared for delivery at a meeting sponsored by the Democratic-Farmer Labor party of Minnesota and the New Republic, of which he is editor, Wallace said that in the 20's he told farmers they were "entitled to moral, legal and economic equivalent of what the corporate form of organization gives to industry."

### Professor to Talk On Unity of Man

Dr. Paul S. Dull, assistant professor of political science, will speak on international relations in the Far East at the Newman club meeting at 6:45 tonight in the YMCA. His talk is entitled, "Unity of Man." Mass will be offered Thursday, which is Ascension Thursday, a holy day of obligation, in the YMCA at 6:30 a.m. for the convenience of Catholic students on campus.

### 'Joan' Opening Set For Friday, Formal

Formal attire will be in order for the opening of the University theater's final production of the 1946-47 season, Marilyn Wherry, assistant director of "Joan of Lorraine," announced yesterday.

The campus presentation of Maxwell Anderson's unique historical drama is scheduled for 8:30 Friday evening May 23. The play is under the direction of Mr. E. L. Clark, instructor in drama and speech arts.

### Weather Forecast

Fair Tuesday and Wednesday with fog or low hanging clouds locally on coast. Warmer Tuesday. Moderate to fresh west to northwest winds off coast.

### CLASSIFIED

### May Feared Probe In '45 Says Royll

WASHINGTON, May 12 (AP)—Undersecretary of War Kenneth C. Royall testified Monday that former Republican Andrew J. May accused him in 1945 of starting a senate investigation against May and munitions makers.

Royall told the jury in the May-Garsson war fraud trial that the congressman, then chairman of the house military committee, later conceded he was wrong and asked Royall to "forget it."

The undersecretary of war testified that May phoned him three times in September 1945 protesting the war department's withholding of \$800,000 from the Erie Basin

TACOMA, May 12 (AP)—Newsprint production, at a capacity of 60 tons a day, has begun in the plant of the West Tacoma Newsprint company at Chamber Creek, and the output will be distributed among 14 Pacific coast newspapers, officials announced Wednesday.

JERUSALEM, May 12 (AP)—Two British constables were shot and killed by unidentified assassins Monday in a blazing fusillade of gunfire in the heart of Jerusalem's shopping district.

Metal Products company pending renegotiation of the firm's profits.
