All Set Free In Lynch Trial

GREENVILLE, S.C., May 21 (AP)—A Greenville county jury freed 28 white men Wednesday night of charges that they lynched a South Carolina negro, returning straight acquittals in 98 separate verdicts on a four-count murder and conspiracy indictment.

The crushing rejection of prosecution allegations, which had included unsworn statements by 26 self-acknowledged members of the mob, closed an historic case which began here nine days ago.

The men were accused of taking Willie Earle, 23-year-old negro, from Pickens, S.C., jail last February 17, and butchering him on a lonely roadside for the alleged stabbing of a white taxi-driver.

Education Program Receives Support

WASHINGTON, May 21 (AP)—The house foreign affairs committee unanimously indorsed Wednesday a measure paving the way for state department operation of an information and educational program in foreign countries.

The action came just six days after the house denied funds for operation of the program after June 30 on the grounds that it never has been formally authorized by congress.

In 1898 the medical school became a member of the American Medical association, accepting the entrance requirements of that body and the enrollment increased from 29 in 1893 to 89 to 1902.

Committee Agrees On Union Changes

WASHINGTON, May 21 (AP)—A senate-house committee was reported informally agreed Wednesday night on putting a ceiling on initiation and membership fees of unions.

Senator Robert Taft (R., O.), told reporters that while no final action had been taken, senate conferees seemed in the mood to accept a provision of the house labor disputes measure which would limit the fees to be fixed by unions.

Filipinos Locate Plane Wreckage

MANILA, May 22 (AP)—President Manuel A. Roxas' personal luxury plane was found wrecked Thursday on a Mindanao mountain-side, and the 12 or more high Filipino government officials and crew of eight aboard were feared dead. Roxas was not aboard.

Air searchers, spurred by Roxas himself in one of the biggest air hunts in the island's history, found the unburned wreckage four days after the plane vanished.

Mrs. Truman Better

GRANDVIEW, Mo., May 21 (AP) — President Truman's 94-year-old mother began passive exercise in a new mechanical bed Wednesday night after the White House physician gave her a "chance" for recovery.

May Defends Garsson Aid

WASHINGTON, May 21 (AP)—Former Congressman Andrew J. May testified Wednesday he went to the rescue of the munitions-making Garsson brothers in 1942 because army ordnance officers called them "a bunch of kikes" and refused to let them bid on contracts.

"I thought men who wanted to make munitions in time of war ought to be permitted to do so without regard to color, race or creed," May told the federal court jury in his trial on charges of selling his influence to the Garssons.

Stassen Encourages Contributions Abroad

JEFFERSON, Ia., May 21 (AP)—A ten-year program of "production for peace" was advocated Wednesday night by former Governor Harold E. Stassen of Minnesota, avowed aspirant for the 1948 GOP presidential nomination.

In his first major address since returning from a European tour, Stassen urged that the United States give 10 per cent of its goods and food the next ten years to countries which give "unwavering support to the United Nations."
