RUSHING

The Men On Campus are invited to come in and get the word on what they'd like to hear too...all about courses, rushing, housing, athletics, football games and the clothes you'll be needing this fall...everything from saddles on up to cashmere sweaters. Give it the college "try"... come in and see!

Lipman's college board members are bursting with knowledge on the latest campus life and can hardly wait to pass it on to you. They'll give you the word on what to do...how, when and where...and, most important of all, they'll tell you about the latest fashions and what you'll be wearing come fall...they say everything is very new and different.

Let's go to lipman's
