

Y Cabinet Campaigns At Houses

The YWCA membership drive starts tonight with Y cabinet members addressing all women's living organizations at house fireside on the advantages of Y membership, Nila Desinger, chairman of the drive, announced.

Opportunities for upper classmen in the Y will be stressed in this year's drive. Miss Desinger said that committees such as foreign affairs, public affairs and the skeptic's hour hold interests and advantages for the older girls.

The sophomore commission under the leadership of Zata Sinclair plans to investigate vocational opportunities. Personal orientation to the campus is the fall term project of all the freshman commissions with the exception of the one meeting at 4 on Monday, which will devote itself more to drama and music. Beth Basler is in charge of all freshman commissions and Jean Lichty is leading the entertainment group.

Bjorg Hansen, Y president, reports that out of 830 YWCA members last year 407 were active. According to Miss Hansen this record proves the University of Oregon YWCA one of the most active in the county.

Membership is \$1 and is good for one year. Miss Desinger also stated that any membership whether active or not helps the general organization and those that are able to take more interest.

Religious Council Slates Meeting

Student church preference cards are to be distributed at the first meeting of the University religious council at the University YMCA Thursday at 4.

Members of the council include adult and student members of church groups, members at large, and faculty representatives. This group is also in charge of plans for Religious Emphasis week.
