Attempt At Revival Fizzles

Saturday Schedule Arouses Campus Ire; No New Date Set

The attempted revival of the traditional Bunion Derby has failed. The affair, scheduled for Saturday evening, has been canceled, according to a statement released yesterday from the Heads of Houses, this year's sponsors.

The ill-fated derby aroused campus ire when it was scheduled for Saturday evening. A poll in Thursday's Emerald revealed that students preferred to have the dance on Friday.

Not Possible

However, this was impossible as Church night has exclusive priority. Also, at the time the date was set, it was not known that the Nickel Hop would take place Friday, October 10, which would run two similar events within a week of each other.

The only alternative, Heads of Houses decided, was to cancel the derby since the Nickel Hop has precedence, since it was scheduled in June when the student affairs committee made out the social calendar. So far as is known, no plans have been made to hold the derby in the future.

Was Annual

On ice since 1940, the Bunion Derby was formerly an annual fall term open house serving to introduce informally the freshmen and transfers to their fellow students. The men's houses made scheduled 20-minute stops at the women's organizations with 10-minute breaks for moving on to the next house.

Dogged by misfortune from the beginning, when an Emerald story erred in setting the derby for Friday rather than the scheduled Saturday night, opposition from the students and the impending Nickel Hop resulted in final cancellation of plans.

Group to Host '47 Convention

Mu Phi Alpha Sinfonia, men's national music fraternity and campus honorary, has selected the University of Oregon as the site of its 1947 Northwest Province convention, according to word reaching the local chapter.

Representatives from all the major colleges of the Northwest will meet October 24, 25, and 26 to discuss means of carrying out the fraternity's aims, including the advancement of music in America, and the mutual welfare and brotherhood of music students.

Because of his membership and active interest in the fraternity, Professor George Hopkins of the University school of music has consented to schedule a recital of French and American piano compositions to coincide with the opening of the convention.

Johnson Hall Plans New Switchboard

Plans for the 1947-48 Piggers' Guide were disrupted yesterday with the announcement of the installation of a new campus switchboard in the basement of Johnson hall. The change is expected to be completed by December 1.

According to Miss Vera Morgan, telephone office supervisor, most campus telephone numbers will be changed when the new board goes in to allow for the 200 additional extensions that it is designed to handle.

The editors of the Piggers' intend to put out an accurate directory and the work will be held up until all the new numbers have been assigned and tabulated, Helen Sherman, editorial assistant of the guide, said yesterday. However, the staff still intends to make the November 1 deadline as was originally announced, she said.

This is the first event of the year which allows the opportunity to meet foreign students. The international affairs committee members have announced that they plan the tea to be the first of a series of social affairs to bring greater understanding between peoples of different nationalities.

Campus clothes are in order and refreshments will be served. Jean Lichty, a Y junior adviser, is singing "Musetta's Valse Song" from "La Boheme" by Verdi.

Since the files in the registrar's office are as yet incomplete, it was impossible to send out invitations to all foreign students. Miss Olson requests anyone who was overlooked to please attend. The tea is open to all members of the student body.
