Desserts Ruled Out After Fall Semester

Preference Desserts, Exchange Dinners To Replace Wednesday Meets at Houses

Exchange desserts, formerly scheduled over three terms, will be limited to fall term in all organized women's houses, according to a ruling by Heads of Houses, President Nancy Bedingfield, said.

In place of the Wednesday evening desserts, women's houses agreed to schedule one preference dessert each term and one exchange dinner each month.

This plan was adopted because of the increasing pressure by both men's and women's houses

to remodel the former year-long

schedule. The desserts serve to ac-

quaint the men and women with

each other, but have usually ac-

complished their purpose by the

Personnel Blanks Requested by Office

Freshmen and new students who have not filled out personnel blanks may obtain them from the office of the dean of men and dean by Monty Woolly on Broadway and of women, Vergil S Fogdall announced.

There is no deadline for these blanks but students are urged to from cockroaches to convicts, the complete this entry step.

The blanks are large yellow folders requiring information about the student's high school, and past activities and jobs.

No Air Raid--**Just Experiments**

The shrill wailing noise that roused most of the campus yesterday morning was nothing but an experiment.

The shriek issued from a siren mounted on the water board steam plant on Eighth avenue East. The siren, which was being tested by the fire department for the most effective pitch and volume, will be used for calling offshift firemen to big fires. Previously the only available method of calling them was by phone.

In the 8 a.m. blast, the loudest of three tests, the siren was turned on full force. The test run at noon yesterday was reported to be the most effective and is the pitch which will be used in the future.

Exchange luncheons among the women's houses will highlight today's program in connection with University Women's week.

Vicky Utz and Barbara Buddenhagen, chairmen of the event, have planned the exchanges so that the members of the women's living organizations may become better acquainted with each other.

Half the members of each house will go to lunch at the organization to which they have been assigned. The other half will remain at home to entertain their guests.

Associated Women Students will sponsor an all-campus assembly at 7:30 p.m. Thursday in McArthur court. Men will be admitted free of charge, but women will be required to show the yellow name tags sold Monday. Additional tags may be purchased at the living organizations and at McArthur court Listed for House before the assembly.

Ann Burgess, who is in charge of the assembly, will announce the program Thursday. A roll of women's houses will be taken at the conclusion of the assembly and a prize awarded to the house having Coed must be turned into Joanne the largest representation.

The concluding event of the week will be the Nickel Hop from 7:30 Phi Epsilon Only sophomore class members to 10:30 p.m. Friday under the are eligible as house representa- chairmanship of Beth Basler and Trudi Chernis.

Faculty Board Gives Scholarship Report

490 Students Dropped, 851 to Remain; **Townsend Emphasizes Graduation GPA**

Consideration was given to 1,341 cases of poor scholarship by the faculty scholarship committee when it met August 1, Dr. H. G. Townsend, chairman of the committee, announced yesterday. A report concerning the purpose and actions of the committee shows that 490 students were dropped from the University and 851 were allowed to remain in school. Of

these, 219 were given permission to continue conditionally for one term with a stipulated grade average required for the term.

Dr. Townsend emphasized that a graduation requirement is a 2.00 GPA. This minimum standard broadly defines the work of the scholarship committee which must consider the record of all students whose GPA is found at any time to be below a 2.00, he said.

Purpose to Raise GPA

The purpose of the committee is to reduce the number of failures to a minimum by encouraging students to do as well as they can and by eliminating those who cannot or do not do the required work.

Dr. Townsend explained that no one is punished for failure in scholarship. The word "probation" has been removed from the dexagraphs and the actions of the committee do not involve or imply disciplinary considerations. However, any student with a GPA of 2.00 or less, according to the report, is allowed to remain in the University only as long as there is hope that he can and will meet the minimum standard for graduation.

serve conservation than to feel forced to conserve in these days of world need for food," Mrs Turnipseed said. A request for observation of

the meatless and eggless days was made Monday at a meeting of Heads of Houses by dean of women, Mrs. Gloria Wickham, who said she believed most houses will abide by the president's request. Conservation of bread is also expected.

The change was decided too late for this week's meatless Tuesday in the dorms, as meal plans for 1,500 students had already been completed, Mrs. Turnipseed said.

First Play Rehearsals Underway

Rehearsals for the University plied design, classic myths, retail theater's first production of the season, "The Man Who Came to Dinner," to be presented October 24, 25, 29, 30, 31 and November 1, are already in full swing under the direction of Horace C. Robinson.

An unexpurgated version of the late Alexander Woollcott, the play was originally written by George S. Kaufman and Moss Hart for the famous lecturer and critic, but he refused the role because of a current lecture tour. The part of Sheridan Whiteside was made famous later on the screen.
