

AKD to Initiate 18 in Honorary Oregana Schedules Delta Zeta, Gamma

Eighteen students who have a high scholastic rating and a major interest in sociology and the problems related to that field, will be initiated into Alpha Kappa Delta, the national sociology honorary, tonight at the faculty club at 6:30.

Captain Hsu Kai Yu of the Chinese Nationalist army, and a special student at the University, will be the guest speaker at the dinner.

Officers who have been working on plans for the affair for several weeks, include: president, Marion Chessman, senior in sociology; secretary-treasurer Joan Farmer, senior in sociology; and Dr. J. V. Bereman, adviser.

Those to be initiated include the following: Hildur Bailey, Ann Burgess, Barbara Clark, Grace Ginure,

Today Delta Zeta and Gamma hall residents will have photographs taken for the 1948 Oregana. Kennell-Ellis studio is taking individual pictures according to the following schedule:

October 22: Gamma Phi Beta, Kappa Kappa Gamma.

October 23: Pi Beta Phi, Sigma Kappa.

October 24 and 25: Susan Campbell hall.

October 27: McChesney hall.

Joan Farmer, Bonnie B. Glennie, Betty Hauger, Susan Huffaker, Maxine Jamieson, Shu-Chuang King, Barbara Jirak, Virgil Larson, Mary Sherman, Richard Ulrey, Lucibel Van Atta, Robert Van Vactor, Lois Stanton, and Leona Ormond.

WORLD HEADLINES

By UNITED PRESS

UNITED NATIONS HALL, Flushing, N. Y., Oct. 20—Russia today rejected the American plan for Korean independence, and demanded anew that all American and British personnel leave Greece. Soviet Vice-Foreign Minister Andrei Y. Vishinsky appealed to the full United Nations general assembly to oust Anglo-American representatives from Greece on grounds that they are the real trouble-makers in the Balkans.

The United States, brushing aside these new Soviet attacks on American plans for Greece and Korea, warned tonight that the United States eventually might use its troops to protect Greece. American Delegate Herschel Johnson, speaking on the radio (ABC) during a recess of the United Nations general assembly, said that if Soviet-dominated Balkan countries persist in aggression against Greece, the United States "will be prepared to cooperate with other members of UN in putting into effect whatever measures are recommended by the general assembly for the protection of Greece."

WASHINGTON, Oct. 20—The supreme court today passed up without comment an opportunity to decide whether nudism is a freedom guaranteed under the constitution. The court refused to hear an appeal brought by two Californians who ran a nudist colony outside Los Angeles. They were found guilty of violating a city anti-nudist regulation which prohibits comingling of the sexes in a nudist camp.

WASHINGTON, Oct. 20.—The state department reversed itself tonight and abandoned its plan to take over from the army administration of the occupied areas of Europe and Asia. Department Press Officer Michael J. McDermott said the decision was in no way dictated by the "present world situation" but was taken purely for administrative reasons.

LONDON, Oct. 20—The Daily Express said today that the Queen Mary sailed for New York yesterday with another \$40,000,000 worth of gold to replenish the British gold stocks in the United States. The treasury declined to comment. The government was known to be sending gold to the United States to make up for the \$160,000,000 already sold to America for dollars, and to prepare for future sales as Britain's dollar shortage grows.

LONDON, Oct. 20 — Princess Elizabeth will take her place on the right hand of King George VI for the first time tomorrow when the king opens the labor government's third session of parliament. The session may see demands made that the house of lords be stripped of its power to check labor's nationalization of industry.

PORTLAND, Ore., Oct. 20—A new Pacific storm centered about 250 miles west of Newport tonight appeared to be spending itself in the heaviest October rains since 1882. The storms which lashed the coast for five days caused two slides on highway 101 near Newport and a minor rock slide on the Columbia river highway near Crown point.

PARIS, Oct. 20—Communist leaders tonight threatened to cripple all France's industry with a general strike and appealed for the Socialist party to merger with them to help stop Gen. Charles De Gaulle's victorious anti-communist union of the French people. The Communists called off their week-old subway and bus strikes earlier today after the French army alerted troops in the capital.

Representatives to Call
Any Whiskerino ticket representative who has not received his tickets call Jane Daggett at Pi Phi house at 12:30 today.
