PORTLAND, Ore., Oct. 21. Portland's third meatless Tuesday wasn't as meatless as the first two, a survey of markets and eating places indicated here tonight. Independent meat markets, closed the first two Tuesdays of the president's food conservation program, were open today. H. E. Carlson, secretary of the group, said the independent dealers did business today because retail markets failed to observe previous meatless days.

CHICAGO, Oct. 21—A dispute involving James C. Petrillo's American Federation of Musicians threatened today to halt the performance "La Boheme" by the San Carlo opera company. The opera company itself was an innocent by-

stander. The dispute was between the union and the Wacker Corp., which operates the civic opera house in which the opera is being staged.

WASHINGTON, Oct. 21.—The army is going to continue its full occupation duties in Germany, Austria, Japan and Korea for the rest of the year, and probably a lot longer. The state department said its plans to take over administration of the occupation job have been postponed indefinitely. Administrative reasons and not the present international situation prompted the decision, officials said.

PARIS, Oct. 21—France's communist-led labor movement, smarting from the election victory of Gen Charles De Gaulle's anti-communist party, demanded new and larger wage increases tonight under the renewed threat of a nationwide general strike.

De Gaulle, hero of the wartime French resistance movement, was scheduled to issue a statement tomorrow which may disclose his political plans. Next spring is the earliest possible time for a general election under the French constitution.

KENNEBUNK, Me., Oct. 21. Nearly 1,000 smoke-grimed volunteers brought a raging forest fire generally under control today though the flames which had swept over a half-dozen homes and summer cottages still were out of

LOS ANGELES, Oct. 21—The largest grocery chain in the West, Safeway stores, today in full-page newspaper advertisements ran prices on 175 foods which are lower today than a year ago. For each article listed the ad gave the price today and the price on the same date last year.

CAIRO, Oct. 21. The Ministry of Public Health announced tonight that 561 persons had died of cholera in Egypt during the past 24 hours and that 1,022 new cases had been reported, an increase of approximately 54 per cent in the rate of incidence.

SALEM, Ore., Oct. 21. The Oregon unemployment compensation commission predicted today that 1947 payroll totals in Oregon will exceed those of last year and may pass the all-time high of \$799,000,000 of 1944. The total was \$708,816,251, slightly more than the 1945 total of \$708,885,646.

LIMA, Peru, Oct. 21. The wreckage of a U.S. air mission transport plane missing for 11 days has been located on a height near the Marañon river and its condition indicated that all of the five Americans and one Peruvian aboard were killed, it was announced officially today. Col. J. R. Hawkins, head of the air mission, was piloting the plane, en route from El Pato air base, near Talara, to Iquitos, on the Amazon river.

ARE FOOTBALL PROS "SOFTIES"?

The boys who play for pay, says Stanley Frank, are often thrown for a loss by the tiniest personal crises. They develop more complexes than any psych major ever heard of. But Red Smith, the New York Giants' line coach, knows how to baby the bruisers... and make 'em outdo even Frank Merriwell himself when it comes to the old college try. Don't miss the amusing article in this week's Post about the fellow who is pro football's one-man court of human relations.
