### **USF** Dons to Arrive **Today for Grid Clash**

Oregon's rebounding grid squad finished preparations for the highflying San Francisco Dons Thursday afternoon as they worked on offensive plays to be employed Sat-

The Dons, top independent grid squad on the coast, are due in Eugene at 11 a.m. today. The visitors will loosen up travel-weary muscles in a brief session on Hayward field this afternoon after their plane trip.

Coach Jim Aiken sent his charges through their last heavy workout before the Ducks hit the California squad tomorrow at 2 p.m. The Oregon eleven will run through The Oregon eleven will run through a few plays without pads this afternoon after the Dons leave the field, but will do no heavy work.

Oregon strategy against the San Francisco club appears to be to out-pass and out-run the visitors. Yesterday's session saw the Ducks go through their backlog of offensive plays, featuring both ground attack and aerial barrage. The Webfoots success in the air rests on the pitching arm of Quarterback Norm Van Brocklin. The rifle-armed quarter passed to a variety of receivers yesterday, and it is certain that there will be numerous ends in Saturday's fray.

Dan Garza, number two man in the Van-to-Dan air attack, will again be the chief target of Van Brocklin's tosses, but he will be backed by Art Milne, stickyfingered reserve end. Milne has been out of action for three weeks, but is set to go this weekend. Right end is still a hot spot, with Pete Torchia and Wayne Bartholemy battling Lou Robinson for his starting berth.

The potent Oregon passing attack will have to be at its best Saturday to beat the one employed by the Dons. Quarterback Jim Ryan is the chief ball-tosser, specializing in bullet pegs over the line. The Dons have hit for five touchdowns through the air in five games this season.

Physical condition of the Oregon squad has been pronounced the best this year, and every man

on the squad is set to go, with one exception. Bill Abbey, hardhitting defensive quarterback, will be out of action until the last of the season due to an old injury that recurred recently.

Dry weather is expected for the weekend tilt, and the largest crowd to view a Hayward field contest this season will be on hand to watch the underdog Webfoots play the Dons. The Ducks were recently elevated to 74th place in Williamson's rating system, but are far behind the 35th position held by San Francisco.

### Gordon Gray to Roll

Southern Cal Speedster Ready for U. of C. Clash

Expected to provide punch in the Southern California backfield against Lynn Waldorf's Golden Bears Saturday is Halfback Gordon Gray, one of Jeff Cravath's ace backfield performers. The Bears will have more plunging power than the men from Troy, but such backs as Gray provide the Trojans with an edge in speed. Saturday's contest will be a do-or-die battle for both teams. The winner will be one step closer to the coveted Rose Bowl game January 1, while the loser will be classified in the "also ran" class. The dope sheets give USC a one-point edge. However, if the Bears come through with an upset, Waldorf is a likely choice for "coach of the year."
