

Boards Discuss 'Miss Vogue' Candidates Told Church Revival

Plans for the proposed organization of a Channing discussion group on the campus and the reactivation of the Eugene Unitarian church will be among the subjects considered at Thursday and Friday evening meetings of the board of trustees, committees, faculty members, and students at the 11th and Ferry street Unitarian church.

Rev. Harold K. Shelley, pastor of the First Unitarian church of Tacoma, will deliver a short sermon and preside at the business meeting and potluck dinner on Thursday, November 13, at 6:30 p.m.

Plans and resolutions considered at the Thursday business meeting will be discussed and passed upon by all interested persons who attend the general meeting which will be held at the church on Friday, November 14 at 6:30 p.m.

Accomplishments of the recently concluded general conference of the American Unitarian association at Washington, D. C., will be discussed by Rev. Shelley who attended the meeting as the regional northwest conference representative and reported on the growth of Unitarian activities in the Northwest since the last general conference.

'Miss Vogue' Candidates Told

Donna Neville, Sigma Kappa; Carol Nygard, Susan Campbell hall; Mary Prosser, University house; Joan McKenna, Zeta hall; Ethel Oneg, Zeta Tau Alpha.

Dental Blanks Due January 1

Dr. A. H. Kunz, head of the chemistry department, announced that applications for the University of Oregon dental school are now being accepted. Application blanks are available in room 1, McClure hall. They must be sent in before January 1.

The dental school will send a representative to Eugene in December to conduct a general question and answer session. Announcement of the exact date will be made later.

Representatives of the dental school will be on the campus for personal interviews with candidates for admission sometime after the middle of January.

July 1, 1946, the state system took over the Pacific dental school in Portland, and it became affiliated with the University.

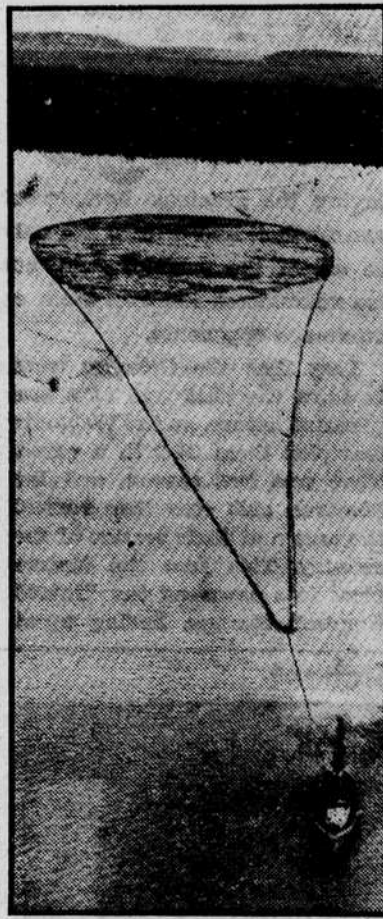

High Cost of Pictures

(Continued from page two)

umpteen times the rate a Eugene theater owner pays.

I don't know what all this proves, but it indicates a couple of things to me. One, that many theater owners are arbitrarily charging more than they have to to make a fair profit, and two, that a continuation of the present policy—charging full fare for bum movies and raising the ante on the occasional good one—is going to result in a lot of people conscientiously staying away from the theaters whenever they have reason to believe they are being gouged.

Well, there are more pleasant things to think about. Picture of the week in Eugene is obviously "Great Expectations." A typical Dickens plot doesn't detract from this finely acted, admirably staged film. The first reel alone is worth the price of admission, and it's a pleasure to be able to say so.

This is how pulpwood logs are transported by water in Canada's big pulp industry. Logs are assembled in Lake Superior bays, "packaged" by a loop of logs chained together, and towed to mills. Long lines behind the tug are also chained logs, and a small boat can be seen at left, following along in case of a break. About 41,000 persons are employed in Canada's pulp industry. A new record output of 4.4 million tons of newsprint is predicted for 1947.

Mu Phi Pledges

Mu Phi Epsilon, national music sorority, pledged Shirley Gay Williams, sophomore in music, last week at Gerlinger. Miss Williams is a member of the band and orchestra.

As reported in last year's Emerald the average coed wears a size 14 dress.
