Faust Declares Specialization Fascistic Trend

By HERB LAZENBY

Fascism may come with the specialists if we persist in professional trade schools without general education," said Dr. Clarence H. Faust last evening in opening the spring term University lecture series on the subject. "The Controversy Over General Education." Dr. Faust in support of his statement said that individuals must listen to the words of Alexander Hamilton and choose whether "government shall be by reflection and choice or by force."

General education was defined as the kind of education that prepares young people to meet all of the problems that will confront them. People must have a "disciplined curiosity" that will help them face two particular classes of problems, the technical and special problems of the doctor, businessman or carpenter and the common problems that all face who live in a physical universe.

Dr. Faust stated that the functions of the educational system were that the elementary school furnsih the tools and foundation and the trade school give the specialized training. Midway between there should be the liberal arts college or the college in a large university teaching all who have the reading techniques to reflect on what they read. "Knowledge is not memorization but a knowledge of principles which lead to concepts."

The elective system was criticized by Dr. Faust as a "vast cafeteria of courses" which has gone to the extreme in allowing the student complete freedom in deciding what is best for his or her "General Education."

"The sound philosophy of general education would be to take the theories of the conventional, student-centered, practical and cultural theories which are inter-re-

Couple Assumes Directorship Of New Student Meeting Place

By WALLY HUMPHRIES

Friendly house, a social meeting house every Saturday. place at 11th and Ferry streets, was started recently by Mr. and Mrs. J. D. Bryant, who directed the University Westminster foundation for over 15 years.

Both Mr. and Mrs. Bryant have spent the greater part of their lives in full time service to others, such as this, and hope to incorporate into this new position all the plans that they have developed in their many years of experience. One of the main goals in life of this couple has been the desire to direct a community meeting place that is entirely non-denominational and non-political and where all people can air their views on topics of current interest. "We want this to be just what the name implies, a friendly place for everyone to meet," is the way Mrs. Bryant stated their purpose.

The Bryants especially stressed that the program to be carried out is not one that will be set down arbitrarily right away, but will develop according to the needs and wishes of those who participate.

At present the house is open all afternoon and evening every day of the week, with a special folk dancing session on Wednesday evenings, a directed "Conversation Hour"

UO Professors To Attend Meet

David M. Dougherty, head of the Romance language department, and L. O. Wright, professor of Romance languages, will attend a meeting of the northwest chapter of the American Association of Teachers of Spanish at the University of Washington April 24.

The meeting will be the last in a week-long series of programs emphasizing the importance of languages in international rela-

Dougherty will speak on the revival of interest in languages in public high schools. Wright's subject will be "The Characters of Don Quixote."

Featured in the day's program will be the production of a Cervantes play by University of Washington students.

lated and find the truth which is somewhere between," said Dr. Faust in giving his opinion of the solution of the controversy over general education.

The possibility of schools becom-For dependable, enjoyable ing mere luxuries or professional day-to-day radio entertain- training schools must be warded off by the training of capacities of students to cope with the problems confronting them in the social sciences, physical sciences and the Humanities.

Dr. Faust is director of the University libraries at Stanford university and was brought to the campus by the University Lecture Series committee, Dr. Rudolf H. Ernst, chairman.

early Friday evenings, and open

A fellowship hour on Sunday mornings is also planned, and will include a well-known person to speak and lead a discussion every

At present the open house seems to be the most popular with close to 100 people attending last Saturday, Mrs. Bryant said. The Friday conversation hour this week will have Dr. Henry Nelson Wieman, visiting prfoessor of religion at the University, as leader. The discussion topic is religion. This meeting is scheduled to begin at 7:30 p.m. The Sunday fellowship hour, starting at 11 a.m., will be led by Harlow Hudson, formerly of the architecture school and now a private architect. He will speak on "Creativity" and lead a discussion on the subject.

School of Law Highlights May

Oregon law school, "where work is the watchword," highlights the April Old Oregon, alumni magazine, which will be completed this week. The law school story was written by Bill Wasmann, associate editor.

Bert Moore, editor, and Jim Wallace, managing editor, said Thursday that another main story of this month's magazine is Maryann Thielen's "Coeds Accept Modified New Look."

Bill Russell, Eugene businessman and Oregon alum, is introduced to readers by Susan McCarrel, associate editor of Old Oregon. Jim Wallace discusses Webfoots at the Portland Pacific Power and Light company in another feature.; Co-Assistant Day Manager:

Articles on the millrace, spring sports, and news of the classes are also included. June Fitzgibbons and Sally Terril compiled the April alumni news.
