NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

— because PHILIP MORRIS is
DEFINITELY LESS IRRITATING
than any other leading brand!

If you're tired of "cigarette hang-over"—*that stale, musty taste in your mouth—that dry, smoked-out feeling in your throat—remember this . . .*

All over America scores of smokers who changed to PHILIP MORRIS have written *entirely unsolicited* to tell us they now enjoy a milder smoke, a fresher, cleaner smoke than they've ever known before.

And for a good reason—

because PHILIP MORRIS is the ONE, the ONLY leading cigarette recognized by eminent nose and throat specialists as definitely less irritating.

NO OTHER CIGARETTE CAN MAKE THAT STATEMENT!

Read What One of America's Top-Ranking Doctors Says About PHILIP MORRIS

"In cases of irritation of the nose or throat, it is my usual practice with my patients who smoke to suggest that they change to PHILIP MORRIS. I inform them that the reason for this advice is that I am convinced that they are less irritating than other cigarettes."
