

Half of Cards For Enrollment Still Unfiled

A report yesterday from the registrar's office showed that over half the students now enrolled at the University have not yet filed their enrollment cards to secure appointments to pick up registration material for next fall term.

Students may assure themselves of more prompt attention fall term by securing the cards at the registrar's office and turning them in at once, Registrar Curtis Avery stated.

Fall term appointments for obtaining enrollment material will be made on the basis of the dates on which the cards are received and notices of appointment will be mailed to students during the summer.

Onthank Plans Job Interviews

One company representative is definitely scheduled to hold job interviews on the campus between now and commencement, and several other firms have made tentative arrangements, according to Karl W. Onthank, dean of personnel administration.

In summing up the placement situation, Onthank stated that a number of University students have been "well placed," and urged that graduating seniors, particularly, keep in touch, since company representatives are expected up until commencement. Information may be obtained at the graduate placement office, room 6, Friendly, or from the bulletin board outside.

Onthank stated that although few of the company representatives come to the campus after commencement, the graduate placement office remains open all year to aid students in any way possible.

Have you made up your mind on what you'll do when you graduate this June? If not, consider the opportunity available to you in the Aviation Cadets.

Few jobs anywhere can match this offer. When you win your wings and a Second Lieutenant's commission, you're paid as high as \$336 per month to start. The training you get before and after you're commissioned is recognized as the world's finest—and it equips you for a well-paid lifetime career in military or commercial aviation.

You're eligible for appointment to the Cadets if you're single, between 20 and 26½ years old, and have completed at least one-half the require-

ments for a degree from an accredited college or university (or pass an equivalent examination).

Talk the program over with men in your class who have been Aviation Cadets. And for full details, ask at your nearest U. S. Army and U. S. Air Force Recruiting Station. Why not drop in today and discuss it?
