## Community Chest Reaches Final Day

"Student interest shown in carrying out the Community Chest program on the campus and in getting out and voting in the recent election shows a healthy frame of mind at Oregon," President Harry K. Newburn commented yesterday.

This year's drive, now in its final day, is being boosted by representatives in each living organization.

"Although no quota has been set for any house or student,"

Virg Tucker, general chairman, said, "several living organizations have held house meetings explaining the functions of the Chest and are bringing in returns very well."

Lyle Nelson, University director of information, told house representatives that of the total Lane County Chest, with a quota of \$135,000, some \$30,000 is earmarked for YMCA and YWCA work, including the campus chapters.

"At the University of Oregon we are training men and women to be good citizens, Nelson stated.

## 'Piggers' Guide' Due Nov. 23

The student directory for 1948-49 will be out Tuesday, November 23, according to business manager Mike Mitchell. Edited by Dorothy Orr, the "pigger's guide" will be distributed November 23 and 24 in the south corridor of McArthur court.

Distribution will be taken over by Kwama and Phi Theta Upsilon, sophomore and junior women's honoraries.

Approximately 2600 students ordered their directories during registration. For those who did not order them at that time, a limited number will be available at the University Co-op for 30 cents each.

## Pre-Registration To Start Saturday

A new plan whereby university students will be able to avoid confusion and delay in obtaining their registration material has been announced by James Kline, assistant registrar and director of Veterans Affairs.

Kline has urged that all students obtain their material at McArthur Court on Saturday, November 13. There will be fourteen workers handing out material at separate alphabetical stations from 8 until 5, eliminating the necessity of standing in long lines waiting for registration material.

Students who comply with this plan will definitely have the advantage in proceeding with the remaining steps of registration at the beginning of next week. Those who do not obtain their material on Saturday will have to go to the Registrar's Office in Emerald hall where there will be only a few people issuing registration material in a limited space. Kline stated that there might even be a delay of several days.

### Registration Steps

1. Obtain registration material: at McArthur Court on November 13 only.
2. Consult adviser in his office: starting November 15 after working out the program, secure the adviser's signed Certification covering the program.
3. Secure department stamp on each Class Card: in department offices.
4. Secure "housing" stamp: at Office of Student Affairs in Emerald hall.
5. Pay fees and secure Cashier's stamp: at Cashier's Office in Emerald Hall.
6. Complete registration and turn in material: at Registrar's Office in Emerald hall. Registration card and class cards will be checked against the adviser's Certification, and any alteration or omission or discrepancy will require that the student be sent back for its correction.

Veteran's winter term books and supplies will not be available until on or after December 6, 1948.

Students with pegged grades will not receive material for advance registration. Such students may not register for winter term until fall term grades are in and it has been determined that the stipulated GPA has been made.

## Mann Claims Occupation Wrecked

Mutual fear and distrust between Russia and the West has wrecked the occupation of Germany, Miss Erika Mann, journalist daughter of Nobel prize winner Thomas Mann, said last night in a lecture at McArthur Court.

Our original purpose in occupying Germany according to the authorities, were denazification, demilitarization, and reeducation of the German people.

"The sad truth is," said Miss Mann "none of these goals has been achieved. The real purpose of the occupation were abandoned early in the game."

Germany is serving as an advance base in the struggle between the United States and Russia. The denazification process is not effective because America has failed to replace nazis who hold important positions," Miss Mann explained. "Demilitarization has not materialized, and the attitude of the Ger-

man people makes it clear that re-education has failed also."

Where there's no hope, there's no hurry is typical of the attitude of most Germans today, she said.

The lack of cooperation dates back to the Russian revolution, ac-

The "greatest collection of paintings in the world from the student viewpoint" will be exhibited especially for University students and Eugene residents December 1 in Portland.

Special busses are being chartered to accommodate as many students as wish to attend, members of a committee working with the art school, announced Thursday. Members of Kwama will begin selling round-trip tickets at \$3.30 each in the Co-op Monday.

Official notes, signed by Dean Sidney Little of the art school and officials of the Portland Art museum will be given to University students appearing at the exhibit. They will not be limited to art students, according to Professor J. D. Hatch of the art school.

Valued at \$80,000,000, the collection was housed in the Kaiser Friedrich museum in Berlin before the war, when it was brought to Washington, D. C., by the army.

From November 26 to December 3 it will be exhibited in Portland with December 1 designated as "Eugene Day." This showing in the Northwest was made possible by Senator Wayne Morse as chairman of the Armed Services committee.

Professor Hatch considers this "the chance of a lifetime for University students." He said the collection includes 96 paintings, 34 of which are "outstanding works of the world."
