Administration Issues Reminder

A reminder that no student may hold any office or position if he does not have a 2.00 accumulative GPA and a 2.00 for the preceding term was issued yesterday by the office of student affairs.

This ruling was developed to insure scholastic success, and no exceptions will be made.

Thief Loses Dime

EIRE, Pa., Jan. 11 (AP)—A husky-looking robber lost ten cents in his attempt to hold up the Hezekiah Spencer grocery in Southwest Eire last night.

The would-be robber tossed a dime on the counter for a soft drink, then drew a gun on Spencer and demanded the contents of the cash register. Spencer countered by brandishing a hammer and so frightened the thief he departed, leaving the dime behind.

School Offers Special Course

A series of machine accounting courses will be presented to Oregon students January 17-21 by the National Cash Register company and the School of Business, stated O. K. Burrell, of the School of Business.

The National Cash Register company is bringing equipment valued at \$35,000, said Burrell. The lectures, which are scheduled Monday through Friday from 8 a. m. to 4 p. m., will be held in room 206 Commerce. A general laboratory section will be presented Saturday morning.

Students registered for courses BA 484, 487, 490, and 521 will attend the lectures at designated hours. Other hours, including all 8 o'clock and 1 o'clock lectures, have been set aside for the benefit of students not registered in the courses mentioned.

The series of lectures were originally scheduled for the week of January 10-14.

Mary had a little Lamb,
 And as they went to school;
 They walked to the **LEFT**-
 Instead of the right,
 For that's the **SAFETY RULE**.

Even Mary's lamb can learn that easy safety rule! Best rule of all—for school children and everyone else—is: *Don't* walk on the highway. But if you must, then walk to the left, *facing* oncoming cars. Your chances of avoiding accident are three times better when you observe this rule.

Use special care at night and when roads are slippery. Even at moderate driving speeds, motorists often can't see pedestrians in time to stop. At 40 miles an hour, a safe stopping distance may be as much as 164 feet—much more at higher speeds.

When you walk on the highway, your life is *your* lookout. So—look out!
