

# Petitions Due Tomorrow at 5 For Play Day

Since Play Day will be held on the Oregon campus this year, petitions for chairmanships may be turned in by tomorrow at 5 p.m. to Bep McCourrey, WAA president, at the Delta Gamma house.

Women students may apply for general chairman, and head of registration, invitations, refreshments, clean-up, games and hostess committees.

The occasion, an annual event, will be April 2. Girls from Oregon schools will participate. Featured will be badminton, Tennis, volleyball, softball, swimming and square dancing.

Petitions are kept in the deans office in Emerald hall. Last year, Play day was held at Reed college.

...ia food to his wife's cooking.

The ticket punchers are the most popular men in the cafeteria and the coeds always have a smile for them. A minor reason is that the coeds are forever leaving their tickets back at Suzie Campbell and rather than make the arduous trip again must work their wiles upon the stern punch-board artists.

The meal ticket mutilators are men, and it doesn't require too much imagination to decide whose willpower prevails when a cluster of coeds makes with the "pretty-please."

All in all, coeds may not belong in college, but in this case they deserve credit for banishing the cafeteria's original austere air of medieval monastery.

...ministered an impressive 51-6 ... Their fast floor game was too much for the hallmen to cope with, and they were consistently clear under the basket for shots.

The efforts of the Agates with six hard-earned points and some fine board work were not enough, as the Sammys took an easy win from them by a 47-20 final count. All the SAM basketeers hit for points, but leading the pack were Hal Mink with 14 and Hal Light with 12.

Lambda Chi dropped Merrick in another runaway tilt, as the Vets' team men could find the range only once in each half. The Lambdas also fielded another fast team that consistently outraced the opposition, although some wild passing persisted on both teams.

# Architects Plan Frisco Journey

Students of landscape architecture who intend to take the trip to San Francisco during spring vacation are requested to attend a meeting at 3:30 p. m. today in 203 Architecture building.

During the trip, students will visit important housing and city planning developments in San Francisco and offices of practicing landscape architects.

Arrangements are being made by Mrs. Mary Gilkey, Oregon graduate and director of planning for Marin county, Calif. The department of landscape architecture at the University of California is also assisting in making the arrangements.

# Faculty Club Dinner

The annual meeting of the faculty club, with a free dinner and business meeting, will be held this Thursday at the clubhouse.

The dinner will be served at 6:15 p.m. to all men who have paid their dues for 1949. Dues are to be paid no later than 5 p. m. Wednesday to J. O. Lindstrom, treasurer.

In addition to the business meeting and dinner an illustrated talk will be given by Dr. Homer G. Barnett on his study in the Palau Islands last year.

# Reading Heard in Browsing Room

Over sixty persons heard Dr. Philip Souers read "The Pardoner's Tale" in the library browsing room yesterday afternoon, said Miss Bernice Rise, head of circulation and reader's consultant.

"Dr. Souers made some of the keenest interpretations I've heard," said Miss Rise. "He believes that there are some books that are meant to be read aloud, and his reading is a perfect example of why this is so. We also appreciated his humor, which resembled so closely the wit of Chaucer."

This was the third in this term's browsing room hours dedicated to the first librarian of that room, Miss Ethel R. Sawyer. Dr. John McCloskey will give next week's lecture, which is entitled "William Faulkner and his novels."

# Evils of Cemetery Exposed by Miller

A warning that students should stay out of the cemetery when going to the basketball games has been issued by the infirmary.

Dr. F. N. Miller, director, said two cases were hospitalized and six others treated for an affliction contacted by cemetery invaders. He has no idea how many unreported cases are among the students.

Most of the cases were contacted along the banks and along the walks. Dr. Miller said the affliction can be contacted not only in the summer, as most people think, but also in the winter.

Poison oak, Dr. Miller said, is no laughing matter.

# Browsing Room Topic

T. S. Eliot will be the topic of Dr. Carlisle Moore when he speaks Thursday night at 7:30 p. m. in the library browsing room.

Moore's lecture is one of a series sponsored by the Association of Patrons and Friends of the University of Oregon library.
