

8-Week European Study Tour Plan Proposed by Professor

Dr. Hermann Steinhardt, professor of economics at Lewis and Clark college, has announced plans to conduct an eight-week study tour of Europe with college credit from the middle of June throughout August.

Countries the group will visit include France, Switzerland, Italy, Austria, Belgium, Holland, and the Scandinavian countries.

Dr. Steinhardt estimates the tour will cost approximately \$1300, Portland to Portland, and will be limited to 20 persons.

Dr. Steinhardt, who is a native of Vienna, has traveled extensively in all these countries and speaks the main European languages. He

is a graduate of the University of Vienna with a degree in economics. He taught in New Hampshire and was an instructor at the overseas administrative school at Harvard university before going to Lewis and Clark.

During the passage to Europe and on the tour, Dr. Steinhardt will lecture about the geography, social and economic problems, and culture of the countries to be visited. More than half of the tour will be spent in the Alps.

Any person interested in the trip may contact Dr. Steinhardt at the college or call Portland, CHerry 2642, evenings.

Turnipseed Plans Activity Awards

Mrs. Genevieve Turnipseed, Oregon director of dormitories, will present activity cups to the outstanding men's and women's dormitory this year.

"I am working through the Inter-Dorm council on this," explained Mrs. Turnipseed. "The houses have kept a record of their activities for spring term of last year and fall and winter term of this year. We will award the two cups this coming spring term."

In past years Mrs. Turnipseed has awarded scholarship cups to independent halls; however, this will be the first time that activity cups have been presented.

ONE STEP

can be FATAL!

12,200 pedestrians were killed by automobiles last year—1,340 more than the year before. Two out of every three violated traffic laws or committed unsafe acts which contributed to their deaths.

And believe it or not—many of these fatal accidents actually happened less than six feet from the curb—only a step or two from safety!

Between intersection accidents accounted for more than one-third of all pedestrian fatalities last year. These victims carelessly rushed out from behind parked cars, or simply jaywalked themselves into traffic—and death. Others even ignored the safety of lights and traffic officers at intersections to save a few seconds—and lost their lives.

Never take safety for granted. Cross at intersections within the crosswalks. Wait for the light or the policeman's whistle. Be alert for the inconsiderate driver making a right turn, or the reckless one beating a light. On open highways, allow for the speed of approaching cars. Walk to the left, facing traffic.

Whenever you cross, look both ways. *One step can be fatal!*
