

Final IRLC Session Features Panel Talk

Winding up its three-day meet on the University campus, the Oregon High School International Relations league conference, which began Thursday, February 24, will feature a panel of foreign students who will address 190 delegates and advisers in the auditorium of Johnson hall between 8:30 and 10:00 a.m. today.

Leslie John Martin, Great Britain; Chiming Hou, China; Nevelle Hilton Clarke, Tabago, British West Indies, and Christiane Beylier, France; will give ten-minute talks on problems prominent in their countries today, and commentary on the U.S., to be followed by questions from the audience. Dr. Charles P. Schleicher, professor of political science, and executive secretary of the OEA International

Relations committee, will preside.

Following round table discussions on the general question, "Can the United Nations do the Job?", between 10:10 and 11:15 a.m., a plenary session will be held in the auditorium of Johnson hall between 11:20 a.m. and 12:30 p.m. where officers will be elected and reports of roundtables will be given, plus general discussion.

Individual questions to be taken up at the round tables include, "Is the UN adequate to bring about the peaceful settlement of international disputes?", "If a state threatens or breaks the peace, is the UN capable of taking effective action?", "What has the UN done to bring about the limitation and regulation of armaments?", and "What can be done to improve the UN?"

Red Cross Drive Opens Monday

Helen Hays, James Stewart, Dwight Eisenhower, and President Truman will be featured on the annual Red Cross drive kickoff radio program Monday, the day the drive starts on the University campus.

Booths in the Co-op, under the supervision of Donna Mary Brennan, and representatives in each living organization will handle contributions on the campus. The annual broadcast will be aired locally over radio station KUGN from 6:30 to 7 p.m. The Red Cross kickoff dinner will start at 6:30 in the Osburn hotel.

Highlight of the week-long drive will be entertainment Wednesday afternoon in front of the library, prepared by promotion chairman Norm Morrison.

A special effort is being made this year to reach off-campus students, according to drive chairman Sally Waller, and to gain the support of veteran students.

The luncheon and dinner speakers will talk at living organizations during the week of the drive—February 28 to March 5.

Helen Sherman, publicity chairman, has requested representatives from the following houses to pick up their Red Cross material today before noon at the Theta house: Alpha Chi Omega, Alpha Gamma Delta, Alpha hall, Alpha Tau Omega, Delta Upsilon, French hall, Hunter hall, McChesney hall, Nestor hall, Omega hall, Pi Kappa Phi, Sederstrom hall, Sigma Alpha Mu, Sigma hall, Sherry Ross hall, Tau Kappa Epsilon, and Theta Chi.

Faculty Rating

(Continued from page one) that they'll know on what lines they can improve."

Probable Rating Scale

The scale which is most favored for use here is closely patterned after that used by the University of Colorado. The chief advantage of this type of rating is that the professor is not rated with one arbitrary "good, bad, or indifferent."

Students voting, usually selected from the cross-section of the student body because of the impracticability of polling the entire registration, rate their instructors on a scale of A to E, with a vote of O if they have not had enough contact in that category to judge adequately.

Instructors are rated on twelve criteria: mastery of subject; ability to impart enthusiasm; respect for the opinions and questions of others; ability to stimulate thinking and independent work; use of opportunities for practical application; effective presentation of subject matter; clear, reasonable assignments; integration of the materials of the course (texts, lectures, laboratory work, quizzes, supplementary materials);

Quality of testing, reasonable length, related to the work and objectives of the course; fairness in marking; logical development of the course; and general teaching effectiveness.

Space is provided for optional comments, such as whether the professor uses mannerisms which detract from his effectiveness; what are his outstanding characteristics; and suggestions for improvement of the course.

"I've talked to Mr. DuShane and Mr. Fogdall, and Dean Johnson of the College of Liberal Arts about this plan, and they voiced no objections, Allen concluded.

"There is no University regulation against it, and I think it will be a fine thing if we can manage to get a complete overall objective picture."

Festival Participants

PREPARING FOR THE International Festival this afternoon are Norma Stearns, seated, and Joan Thomas. Norma is wearing a Norwegian dress and Joan is wearing a native dress from Bethlehem.

Soph. Officers to Meet

Meeting of sophomore class officers will be held at 7 o'clock Tuesday evening at the Delta Gamma house.

- If you watch still fails to run
- In spite of some high-power guarantee
- Cheer up, good friend. Do not be glum.
- BRISTOWS will fix it for a modest fee.

NO TAXES INVOLVED IN POWER AND WATER BOND AUTHORIZATION

Due to Eugene's phenomenal growth, and increased costs of materials and labor, the Eugene Water Board must have authorization to issue up to \$3,000,000 in bonds to complete an \$8,000,000 expansion program—which is already well under way.

This construction program will approximately double the capacity of Eugene's own water and power plants. The expansion is required because electric consumption has increased 188 per cent since 1940. Water consumption is up 87 per cent.

As in the past, the Eugene Water Board will repay this money to bond-holders out of revenues from the sale of water and electricity.

The Water Board will pay both the principal and interest on the bonds. There will be **NO ADDITION WHATSOEVER** to property tax bills.

Vote 500 X Yes
IN THE SPECIAL CITY ELECTION
TUESDAY, MARCH 1.
