

## AWS, YWCA, WAA Set Aside Thursday as UO Women's Day

Ushering in a new tradition on the campus, University women's organizations are backing Thursday as Women's day at Oregon.

Attention will be focused on women for this one day each year, the events planners hope. Highlight of the day's activities will be the installation of YWCA, Associated Women Students, and Women's Athletic association officers in alumnae hall, Gerlinger at 7 p.m.

The Rush Inn will open its doors to women students only from the hours of 9-11 a.m. and all afternoon, according to Leslie Tooze, and Dorothy Orr, entertainment chairmen.

Each organization is taking over a portion of the arrangements for the day; the AWS will have charge of invitations, the YWCA

of entertainment, and the WAA, food.

Women's organizations will participate in Hazel M. Schwering exchange dinners immediately before the installation ceremonies.

Incoming presidents to be installed are Marie Lombard, AWS; Billiejean Riethmiller, YWCA; and Bonnie Gienger, WAA.

Other AWS officers Anne Case, Eve Overbeck, Mildred Chetty, Betty Simpson, and Mariann Christianson; YWCA leaders Velma Snellstrom, Maggie Johns, Joanne O'Neill Foulon, Margie Peterson, Barbara Metcalf, Anita Frost, Virginia Drake, and Helen Caldwell; and WAA heads Joan Carr, Lilly Kobayashi, Mary Myers, Elizabeth Erlandson, and Leslie Tooze will also be installed.

## Contest Underway for Junior Weekend Theme

A theme selection contest for Junior Weekend was announced yesterday by Malcolm MacGregor, weekend chairman and junior class president. Deadline is set for 12 noon, April 7.

The student submitting the winning suggestion will be awarded \$15. In case of duplication, Mac-

Gregor said that the application with the best explanation will receive the award.

All weekend committee chairmen will judge the proposed themes. If none are satisfactory, the committee will decide the theme and no cash prize will be awarded. Last year's theme was "Storybook Wonderland."

Entries are to be submitted to Bob Weber at the Pi Kappa Alpha house or to MacGregor at the Lambda Chi Alpha house.

### Out of Focus

"Requirements! It's bad enough without worrying about them, too. Fall and winter term, I register with an eye to requirements but spring — nothing doing. Spring term is a time for relaxation."

"S'too bad the profs don't realize that. It'd sure make things easier."

### Rass Hurt in Vacation

Heagney was a psychology major, and served as a member of the ISA cabinet, treasurer of Hendricks hall, and was 1946 Junior Weekend chairman.

Rasmussen is majoring in physical education and lettered in basketball two years ago.

Hendrickson and Rasmussen, both members of Phi Delta Theta, and Miss Fick and Miss Heagney were on their way to the beach at the time of the accident.

## USA Petitions For Candidates Due Next Week

Students aspiring to ASUO offices on the USA ticket are to submit petitions at the ASUO president's office, Emerald hall, or to Walt Freauff, Sederstrom hall, by 12 noon, April 9.

Freauff, the USA president, emphasized yesterday that an eligibility slip should be affixed to each petition.

Positions are open for first and second position, ASUO; sophomore, junior, and senior representatives to the ASUO executive council; first and second positions for the sophomore, junior, and senior classes; Co-op board; and yell king.

All campus selections are scheduled for April 27. The April 9 party deadline will make possible the USA open primaries required by the coalition party's constitution.

### Wild Notes

(Continued from page six)

teresting present-day vocalists.

"How High the Moon" in King Cole's new strictly piano only album (no song, guitar, or dance) gives your block-chord kicks for the week. Undoubtedly one of the best sounds yet to be developed on a musical instrument, and Nat Cole gives a fancy example in his "Moon."

The strictly jazz paragraph is mentioning the new Mercury release "No Noise." Two sides of the same title featuring Flip Phillips and Charlie Parker abetted by Machito and his Afro-Cubans. The title contradicts your first impression of these sides. Parker's side seems to come off the best. Phillips sounds to be reading unfamiliar music, however, these are interesting as examples of modern jazz accompanied by the peculiarities of the outstanding Machito gang.
