

# Duck Harriers Vie With Idaho Today

Rounding out a week of form-perfecting practice, the Oregon harriers tackle the Idaho Vandals in their initial Northern Division competition this afternoon at 2 o'clock on Hayward field.

Although Moscow has been clam-tight on information concerning the Coach Stan Hiserman's Idaho cindermen, the power-laden Ducks should capture the meet by a comfortable 20 points.

Since dual meet history between the two Universities is only three years old, numerous new records will be racked up during the afternoon's action.

Headlining these probably will be the performance of Webfoot Pole Vault George Rasmussen who is practically assured of upping his 12 foot 9 mark set in 1947. "Ras" has been a consistent 14 foot vaulter since track practice began early in March.

Another Duck almost certain of setting a new record is Woodley Lewis, Coach Bowerman's leading broad jumper. The old record of 21 feet 3 1/2 inches is held by Don Pickens, Webfoot pole vaulter, when he was doubling for the Ducks in this event in 1947. Lewis has been leaping over 22 feet in all practice meets.

Other possible Duck record breakers are Lou Robinson in the javelin, Ray Heidenrich, Bob Anderson, and Herb Nill in the discus, Dave Henthorne in the 100 and 220-yard dash, and Walt McClure in the 880-yard run.

The Ducks' main strength for this afternoon's contest lies in the pole vault, broad jump, 100 and 220-yard dash, javelin, discus, and the high hurdles.

The low hurdles, the 880-yard run, the 440, and the shot put are the events where the Vandals could pull surprises, while the Webfoots have a dearth of material in the distances, the mile and two mile.

The relay, final event of the day, is another question mark, but Bowerman has Henthorne and little Albie Bullier for a potent nucleus while Hiserman's entries remained unnamed.

# Kirschmen Face WSC Monday

On the schedule it is billed as a baseball game, but it's liable to be much more than that. The reference is to the contest set for Monday at 3 o'clock on Howe field between Buck Bailey's Washington State Cougars and Oregon, and fans are sure to get a full afternoon's entertainment.

The dual attraction, of course, is Buck Bailey himself, whose wierd, peculiar, funny, riotous, etc., etc. gyrations have created a maelstrom of fanfare year in and year out.

In between time, Buck always manages to squeeze quite a bit of baseball out of his charges, so much so that in the past two years the Cougars have won as many Northern Division championships.

### Series Crucial

For the Ducks, this two game series represents one of the most vital sets of the season. After a clean sweep over Idaho, Oregon is in good position right now, and how well they fare against the Cougars will determine whether they improve it or not.

### Pitcher Undecided

Kirsch is undecided on his starting pitcher. Mel Krause is the tentative starting hurler, but he had nine teeth pulled Thursday and may not be able to go through with the assignment.

Krause suffered a severe jaw injury in intramural football last fall and it is believed that his present troubles trace back to this.

The Cougars won their opener yesterday 9-2 from Washington.

### Stan Hiserman's choices for today's meet:

- Pole vault—Keating.
- High jump—Jones; Pollard.
- Shot put—Green; Hiner, Larsen.
- Javelin—Hogson; Randall.
- Mile run—Denman; Harper; Kroll.
- 100-yard dash—Armstrong; Mathews.
- 120-yard high hurdles—Bean; Taylor.
- Broad jump—Widner; Williams.
- Discus—Green; Hiner.
- 880-yard run—Farnham; Johnson.
- 220-yard dash—Christian; Sparks.
- Two mile run—Denman; Harper; Kroll.
- 220-yard low hurdles—Bean; Taylor.
- Mile relay—to be named.

# Linksmen Open Today

Coach Sid Milligan's four-man Oregon golf squad tangles with Victoria College today in a match at the Canadian school. This will be the Webfoots' opener this season, with the conference play scheduled to start April 22, against Idaho Vandals at Eugene.

MILLIGAN, who is shy four regulars from last season, is in his third year as varsity golf coach at Oregon. His 1948 squad placed second in the Northern Division, while the 1947 version of the Milliganmen swept every dual match, and went on to the Northern Division crown. Milligan himself played on

three Oregon championship teams in the late thirties.

The high flying links quartet now encamped on Canadian soil is composed of Dwayne (Red) Omlid, John Eckstrom, Fred Zolezzi, and Dom Provost.

Provost and John Prince were the only returning regulars from the 1948 squad who consistently shot par golf, but Prince wound up in sixth place in the recent 72-hole qualifying rounds.

The Webfoot linksmen are slated to return to the Eugene campus by auto after today's encounter with the Victorians.

# Yearlings Capture Triangular Meet Over Rooks, OCE

The Oregon frosh cindermen, copping eight blue ribbons and four seconds, walked off with the triangular relay meet at Hayward field yesterday as they defeated the Oregon State Rooks and Oregon College of Education. The final score was 52 for the frosh, 34 for the Staters, and 17 for OCE.

Rook Jerry Doyle, who fell going over a hurdle, was the only casualty of the day. He was not badly hurt and will be out for practice Monday, according to Coach Grant (Doc) Swan.

The Frosh team paid little heed to Coach Bill Bowerman's prediction of a "toss up" as they took the lead early in the meet and went on to more than equal the combined score of their opponents.

Standout for the day was Frosh Art Bachlund who turned in a four-minute 45-second mile to come from behind and win the three-mile relay.

Oregon State, hampered by lack of numbers, failed to have a javelin team and was forced to run some men in several events. Still they showed their talent by annexing the high jump, pole vault, 880-yard, and medley relays, as well as following close behind Oregon in four other events.

The thinclads from the Oregon College of education had trouble keeping up with the pace set by the other two schools, but managed to get three seconds and eight thirds for their team.

No marks were broken despite good weather conditions and an abundance of ex-prep stars.
