A LADDER, shown in New York, is said to be safe from tips or slides, and folds for storage. (AP Wirephoto).

Final Plans for

(Continued from page three) ganization. Final plans for rating are being worked out by her committee at the present time.

A major decision of the council last night was to attempt to open the installation of student officers to the public.

If the council's plan goes into effect, an installation banquet will be given for all ASUO and class officers on the evening of June 7. The general student body may make reservations to attend the banquet, which in the past has been private, with only the ASUO officers being installed.

Wild Notes

(Continued from page six) an interesting addition. "Guarachi Guaro" sports a Cuban rhythm section and is more fascinating jazz of the American-Afro-Cuban texture. We personally still haven't heard enough of the wealth of Gillespie, Fuller, Lewis, and Dameron ideas to say that a Dizzy record isn't good.

Incidentally, to those of you who couldn't make it, the Count was gone. Advance reports sed he wasn't bopping. Maybe he wasn't then. Credit the Basie band with being among the best—one of the rarest band treats in a very long time for our college town. Thank KWJJ's Bill Sawyer. Coming next to Amory: Les Brown band with Kay Starr.
