

Mademoiselle Representative to Visit University; Guest Editor Contest Subject of October Speech

The assistant college board editor of Mademoiselle magazine, Darcy Friedman, will visit the University campus Oct. 12 and 13 to talk with undergraduate women interested in entering Mademoiselle's College Board contest.

Miss Friedman is especially interested in talking to girls working on the campus newspaper, literary magazines, or those outstanding in campus activities. She also hopes to talk with undergraduate women interested in fashion, art, advertising, merchandising, or fields allied with magazine work.

UNDERGRADUATES ONLY
College Board members will be selected by the editors of Made-

moiselle on the basis of a two-page typewritten article on some phase of campus life submitted along with personal information and a photograph. Only undergraduates are eligible.

Helen Sherman, senior in journalism, was among those selected for the board last year. An article by her appeared in the August issue of Mademoiselle.

Those selected for the College Board have an opportunity to become one of Mademoiselle's 20 "Guest Editors," and will assist in writing the magazine's August college issue. Winners must be available to work in New York from June 5 through 30, 1950.

Selection of the 20 editors is determined by three assignments given by the magazine during the year to College Board members. Winners are provided with round-trip transportation to New York City and paid a regular salary for their work.

All undergraduate women interested in talking to Miss Darcy when she arrives or applying for College Board membership are requested to leave their names with Mrs. Golda P. Wickham, director of women's affairs, in Emerald Hall.

Contest rules and additional information also may be obtained from this office.

Grounds Improvement Project Most Extensive Job in Years

Over-all improvement of campus grounds now in progress is the most extensive job of its kind to be done for several years, said H. D. Jacoby, assistant superintendent of the physical plant.

Work of this nature has gone virtually unnoticed on the campus because of the more spectacular construction of the Erb Memorial Union and Carson Hall, Jacoby added.

With the new theater building nearly completed, work will begin next week on the entrance steps and on a circular driveway to route traffic to and away from the building.

PARKING LOTS CLEARED
In conjunction with this is "triangular" parking lot between 11th and Kincaid streets which is now ready for paving. The lot, with an estimated capacity of 95 cars, will serve theater patrons and will also be used for student parking.

Another parking space east of the new addition to the Music school is also ready for paving.

Curbing has been completed and paving will be done soon on an area between Deady and Villard Halls, Jacoby said. It will be used to service the two buildings.

Parking will not be permitted in this area, he announced.

NEW WALKS READY
Almost a mile of concrete walks have been built. Those already finished include the portion of the "east-west mall" from Kincaid street to Johnson Hall, and walks from the Architecture building to Deady, from the Art building to Villard, from Deady to Friendly, and from Deady to 13th street.

Other projects which have kept the staff of the physical plant busy are the paving of the University

street entrance to Hendricks Hall, construction of a new concrete walk at the west entrance of the Little Art Gallery, work on the Emerald parking lot, and planting of a new lawn around the theater building and around the new addition to the music building.

Swim Tryouts Next Monday

Tryouts for Amphibian, women's swimming honorary, will be held Monday, Oct. 3 at 7:30 p.m. and on Thursday, Oct. 6 at 4 p.m.

This organization, under the leadership of President Jean Carr, selects its members on the basis of scores made above the minimum standard for Amphibian. Those selected for membership will be notified by Monday, Oct. 10.

Swimmers will be asked to demonstrate the elementary back stroke, side stroke, front crawl, back crawl, breast stroke, plain standing dive, running front dive, and a little ballet technique. They will swim the crawl for speed.

Any girl interested in trying out for this honorary should be at gym in time to check out a suit.

80 Girls to Move Into Carson Soon

With final touches now being applied, the fourth floor of Carson Hall will be ready for occupancy late next week, according to Lyle Nelson, director of information.

Eighty girls will be moved into the new dorm, which will help materially in relieving crowded conditions in Alpha, Gamma, and Hendricks Halls.

Nelson also reports that the elevator is now running and most of the glass is in on the ground floor.

Students Start Snack Service

"Quack and Snack Service" is the name of the new sandwich and fountain delivery service which started this week.

Dick Hatfield, senior in business and Paul Thalhoffer, junior in business, are the originators of the new idea.

The service is operated from Renell's on 13th avenue.

Tickets Available For Out-of-Town Football Games

Oregon football enthusiasts will be able to purchase tickets for out-of-town games at the ticket office in McArthur Court.

A few reserve tickets for the Washington game at Portland's Multnomah Stadium Oct. 5, are on sale now. However, these seats are in the uncovered sections 20, 21, and 22.

Three hundred fifty-three student tickets for the California game in Berkeley will be on sale between Oct. 10 and 21. These tickets will cost \$1.25 each and are limited to one per student. The ticket office also announced that student tickets can be purchased only by persons holding an athletic card.

Student athletic cards will only admit people to the Oregon rooting section.

Dr. Stern, Party Conduct Social History Research

Results of a social history study made this summer at Chiloquin, small Oregon town in the Klamath Indian reservation, are now being compiled by Dr. Theodore Stern, assistant professor of anthropology.

As small group accompanied Mr. Stern, including Eleanor Ribbens of the University sociology department, Patricia Marks of the University of California anthropology department, and Hiritto Zakeji of the Oregon anthropology department.

The study may continue next summer.

YMCA Gives Men's Carnival

Games, contests, and a picnic supper will be featured at the YMCA sponsored Freshman Men's Timber Carnival to be held Saturday, Oct. 1.

Among the speakers for the evening program will be the Rev. Wesley G. Nicholson of the Congregational Church, whose topic will be "Values to Seek in College." Dale Crandell, YMCA president, is chairman of the evening program.

Free transportation will be furnished to and from Moose Park on Fern Ridge Lake. Cars will leave the Y at 1:30 p.m. and return at 9:30 p.m.

A rainy-day program has been prepared in case of bad weather, according to Bill Wise, recreation program chairman.
