A total of 14,401 students were enrolled at the University of Oregon, Oregon State College, and the three Colleges of Education and Vanport Extension Center by Sept. 24, the end of regular registration period, the State Board of Higher Education announced Saturday.

of Oregon and Oregon State College were down slightly from last year.

No figures are available on the Medical and Dental Schools in Portland, as registration for them began only yesterday. Total registration for the State System of Higher Education last fall, including these two units was 17,307.
