

Eight IM Squads

(Continued from page four)

The Beta Theta gridders are hoping for some repeaters as they look back with satisfaction upon their accomplishment of rolling up 46 scoreboard digits while yielding only 6. Chi Psi's undefeated aggregation also will be represented in the "post-season" activities.

Several teams were unscored on but failed to meet the rigid requirements for entrance in the elimination tournament. Phi Sigma Kappa was unscored on despite a heart breaking 2-1 (first downs) loss to Tau Kappa Epsilon.

The TKE's, also unscored on all season, received a similar treatment as their perfect record was squelched with a loss in first downs to Phi Delta Theta.

The only other unscored-on "team" that failed to make the playoffs was Wesley House, which lost every game by forfeit.

Meeting Scheduled By Russian Club

ONE STEP

can be FATAL!

12,200 pedestrians were killed by automobiles last year—1,340 more than the year before. Two out of every three violated traffic laws or committed unsafe acts which contributed to their deaths!

And believe it or not—many of these fatal accidents actually happened less than six feet from the curb—only a step or two from safety!

Between intersection accidents accounted for more than one-third of all pedestrian fatalities last year. These victims carelessly rushed out from behind parked cars, or simply jaywalked themselves into traffic—and death. Others even ignored the safety of lights and traffic officers at intersections to save a few seconds—and lost their lives.

Never take safety for granted. Cross at intersections within the crosswalks. Wait for the light or the policeman's whistle. Be alert for the inconsiderate driver making a right turn, or the reckless one beating a light. On open highways, allow for the speed of approaching cars. Walk to the left, facing traffic.

Whenever you cross, look both ways. *One step can be fatal!*
