# Mix-up Delays Election Results

Three new members of the United Student Association's steering committee remained unknown Thursday after an election by the general assembly, with 85 students casting ballots.

Due to a mix-up in balloting, election winners will not be announced until later today, John Day, president, said.

The vacancies on the steering committee will be filled by three of the nominees, Steve Loy, Dan French, Donna Buse, Joe Labadie, and Delores Jeppeson, recommended by the committee, or Ross McCormick, who was nominated from the floor at Thursday's meeting.

Day, elected vice-president last year, has assumed his office since former president Bob Miller did not return to school. Ron Phillips, senior in journalism, was named vice-president, pro-tem.

# Vets to Obtain New Certificate

Veterans who wish to change in after Nov. 1 will be issued a new type of eligibility certificate showing the name of the training institution and the course to be taken.

The new certificate is in compliance with laws which bar training for avocational and recreational purposes and training in institutions in existence for less than a year, said Vernon Basler, of the Portland Veterans Administration office.

Certificates issued before Nov. 1 will still be honored but the veteran will be held responsible for entering schools which are permitted by law to offer training at the government's expense.

Veterans who wish to change institutions or courses or desire additional educational benefits after Nov. 1, must have the new type of supplemental certificates.
