**BA Graduates Laud School**

Preparation of Oregon's business administration students for graduate work in retailing was lauded by Bill Green and Bert Tonkin, '49 graduates, in a recent letter to N. H. Comish, professor of business administration.

Tonkin and Green, both winners of retail service and tuition scholarships, are working for masters degrees in retailing at New York University and City College of New York.

Both students feel that the background work offered by the University is particularly good, and aids immensely in graduate work and part-time store service, Comish stated.

They also commented on the progress of other scholarship winners who are working in New York department and chain stores. Among former students listed were Bill Shroud, Fred Weber, and Marty Pond, all employed as assistant buyers.

"The University of Oregon has sent more students to New York University on scholarships than any other school in the country except New York University itself," Comish declared.

**X-Ray Result Cards Due**

Students who had chest x-rays taken at the mobile unit in downtown Eugene should bring result cards to the infirmary immediately. Those who haven't had x-rays should report to the infirmary. Registration is not complete until the result cards are turned in or x-rays taken.

**Johnson to Lead Collegiate Meeting**

Art Johnson, student body president, will preside at the 11th annual convention of the Oregon Federation of College Leaders which will be held at Willamette University Nov. 10 to 12.

As vice president of the federation, he will take over in the absence of President Kev Collins, University of Portland, who was injured in an auto accident recently.

About 45 delegates are expected to attend.

Paris police are working on a subway murder mystery and likely hope to solve it with underground information.
