Hockey Teams Meet On OSC Campus

Two women's field hockey teams from the University will participate in the annual Pacific Northwest tournament to be held at Oregon State College Saturday and Sunday.

Twenty-four students and six staff members make up the Oregon teams, named the Evergreens and the Cascades. Miss Janet Woodruff is coach for both teams.

Represented at the meet this year will be 19 schools from Oregon, Washington, Idaho, and British Columbia. The only school to win all its games last year was the University of British Columbia.

Staff members who will attend are Misses Jeanette Masillionis, Beverly Bennett, Ellen Harvey, Louise Henderson, Marjorie Murray, Mildred Ringo, and Miss Woodruff.

Jessie Totter will be captain for the Evergreen team, and Frances Hassey will captain the Cascades.

REPLACEMENTS PLENTIFUL
Consequently, Coach Borchardt has no lack of replacement for the gaps caused by the graduation of four members of the 1949 team, Earl Walters, George Moorhead, Bob Hiatt, and Willy McCullough.

McCullough won fourth place in diving in the Northern Division last year.

The Ducks will face all Northern Division schools except Montana and will close the season at the Northern Division meet.

Genial BA Professor Leads Versatile Life

By Jackie Pritzen

"He who has the greatest number and variety of wholesome wants satisfied gets the most out of life."

The Greeks said it—and so does N. H. Comish, genial professor of business administration.

Practicing this philosophy, Comish supplements his daily instruction of University students by writing books and magazine articles and serving as consultant for several business firms. Aside from entering various campus and community activities, he utilizes "spare time" reading the classics.

FROM OREGON STATE

Comish appeared in "Who's Who in America" in 1930 while a professor at Oregon State College. He has been teaching courses in marketing and merchandizing at the University since 1932, when he came from Corvallis.

During his years on the campus, Comish has conducted many research projects in the business field. The latest project came last year when he wondered why customers quit trading at stores. The result was a systematic survey of Oregon citizens who came up with answers that have been published

in nationwide trade magazines.

"These projects give students valuable research experience, while aiding business men in problems of merchandizing," he commented.

A BUSY MAN

Comish has authored four books and over 100 scholastic, professional, and business magazine articles. He spends part of his spare time solving the merchandizing problems of 29 wholesale and retail firms, for which he is consultant, and also finds time to be secretary of the Oregon Retail Distributors Institute, an organization of statewide retailers.

On the campus, Comish is a member of the faculty senate, the scholarship and finance committee, and the religious activities committee.

HELPS GRADUATES

Evidence of this attitude is the assistance he has given University graduates in finding positions in the business field.

With a wry grin, Comish admits a fondness for swimming, fishing and hiking. A sports enthusiast, he may be seen at most University football and basketball games.

"I like to keep busy," he'll tell you over his horn-rimmed glasses. "Life is more interesting that way."
