## Ken Lewin Wins Grant Of \$1000

### MacKenzie Award Goes To Premedical Student

Kenneth W. Lewin, junior in premedicine, is the winner of the annual MacKenzie Memorial Scholarship, the Office of the President announced Friday.

The scholarship has a potential value of \$1000. Lewin receives \$200 now and this is renewable each year for four years if he enters the University of Oregon Medical School in Portland and maintains a high scholastic record.

Lewin is completing his premedical studies here this year and plans to continue his training at the school in Portland, where he will receive his Bachelor's Degree. His home is also in Portland.

The Premedical and Pre dental Advisory Committee unanimously recommended Lewin and this choice was subsequently approved by President Harry K. Newburn.

## Book Turnback By Vets Slow

Only about 12 veteran students have returned books issued by the Government for classes they have dropped, G. L. Henson, manager of the Co-op, disclosed today.

Under a new Government ruling, all books and supplies for courses not completed must be returned, regardless of their value. The Emerald carried a story giving details earlier this week, but response has been poor.

The registrar's office is now compiling a list of students who will be affected, and letters will be sent notifying them of the requirements.

Workers in the registrar's office expect the list to be large as they were only as far as the 'I's' Friday afternoon and had accumulated a large number of cards.

## Identity Mistaken As Reporter Grilled; All In Day's Work

A reporter doing a history feature on the Oregon "O" approached a receptionist in the Office of Student Affairs.

"May I help you?" the receptionist asked sweetly.

The reporter mentioned the "O."

"Ah ha! You want to confess to blowing up the 'O' eh?"

That wasn't the idea at all, the reporter said.

"Why did you dynamite the 'O'?" she asked.

Telephone rings.

"Hello, Madge," she said. "A student just confessed to destroying the 'O'."

She hung up the telephone.

"That'll be 30 days," she said.

The reporter left. To heck with the feature.

## Total of \$861,832 Given by Board In Portland Friday

Contracts totaling \$861,832 for the new University heating plant were awarded Friday at Portland by the State Board of Higher Education.

Work on the plant is expected to begin next week. An appropriation of \$1 million has been set for the project. It will be in operation sometime during the 1950 school year.

Lee Hoffman of Portland was awarded the general contract with a low bid of \$216,896.

### REJECT TURBINE BIDS

P. S. Lord of the same city was given the contract for boilers and auxiliaries after submitting a bid of \$558,323. W. S. Gracie, also of Portland had a successful bid of \$70,983 for the electrical contract. Condensing equipment will be installed by R. H. Brown & Co. of Portland who bid \$15,629.

The board voted to reject all turbine contract bids after a question arose as to whether the equipment offered in the successful bid of the Worthington Pump and Machinery Corp. of New Jersey met specifications. Worthington underbid 19 other organizations with a \$142,500 estimate.

### CARNEY ADVISES

New turbine bids will be called at a later date.

Robert R. Carney of the attorney general's office in Salem advised the board on the contract bids.

Funds for the new plant were appropriated by the board last spring when it was shown that the present plant could not take the load now needed due to the University building expansion.

Plans call for the new building to be built with the idea of blending it in with the architecture of nearby campus buildings.

## Car Kills Teddy, Fraternity Puppy

A hit-and-run driver killed Teddy, house dog of Delta Tau Delta, at about 9 a.m. Friday near the corner of 19th and University streets.

A spectator reportedly recorded the license number on the car as it sped away from the scene. One Delt said Friday the driver will be prosecuted.

Teddy, a half-grown Collie-Shepherd pup, had been with the Delt house for three months. About four months old, he wandered into the house one day in September and has served as mascot since then.

The name of the car owner was obtained within 30 minutes after the mishap when members of the Delt house called the State license bureau in Salem and asked for identification of the number.

## U.S. Bureau Reports Recent Rain Normal

Recent local rainstorms are normal weather conditions for this time of the year, according to a report of the U.S. Weather Bureau. On the other hand, sunny weather which has occurred in the past two weeks is definitely abnormal.

The Willamette River rose almost imperceptibly during the rains, dropping immediately after the rain stopped.

Conditions on Willamette Pass are good, on the information of the State Police. Approximately five inches of roadside snow have fallen. The highway, however, is bare and rain is expected.

Weather today will continue cloudy with showers.
