Housing Check Planned For Off-Campus Men

A routine check of men students living off-campus is being made by the Housing Secretary in order to assist cases where adjustments are needed to meet winter term registration requirements.

According to University regulations, all lower division men are required to live in on-campus housing, which includes 21 national fraternities; Campbell Club, men's co-op; and 16 dormitories.

OFF-CAMPUS LIVING

Upper division men may live off-campus in rooms in private homes. Unmarried undergraduates are not permitted to live in separate houses or apartments.

Students are expected to keep their current addresses on file in the offices of the Registrar, Business Office, and the Office of Student Affairs. Filing of fraudulent

information will result in immediate cancellation of registration for the student concerned.

Any student who feels that the University housing regulations are not conducive to his success in the University may petition the Office of Student Affairs for special permission regarding housing.

Students requesting such consideration will be interviewed by Vergil S. Fogdall, director of men's affairs.

Preachers go to summer camp and nearly work themselves to death looking after our children, and when they come back we talk about their "vacation."

A special delivery stamp gives us a good tip; stick and you'll get some place quicker.

Vet' Books Return To Co-op In Flood

H. L. Hensen, Co-op manager, explained that by government order, unused books are not the only articles being returned. Half used bottles of ink, sharpened pencils, and even used note-books and paper have come back to the store, where they were originally purchased.
