

European Summer Tour Open to U.O. Students

Students from here and elsewhere interested in gaining an intimate knowledge of French life and civilization will have an opportunity to do so through a summer tour planned for July and August under the leadership of Edouard Bourbousson, associate professor of modern languages at Oregon State College.

The trip, scheduled to begin between June 23 and July 12, will include visits to France, Belgium, Luxemburg, Switzerland, and Italy.

In France, students will visit Paris, Ile de France, Normandy, Alsace and Lorraine, the Riviera and Provence, the Rhone Valley, the Chateaux region, and Berry. They will have a chance to become acquainted with France, not only through the custom of the sidewalk cafes, but through the culture of museums, chateaux, and universities, Bourbousson points out.

This summer tour will especially benefit students who are interested in political, economic, and social problems of Western Europe, he said.

Interviews are being arranged in Paris with some members of the French government and in Geneva with some leaders of the "Academie Diplomatique Internationale." Geneva, which was the home of the League of Nations for 20 years, is still the center of several committees of the United Nations.

There will also be visits to Brussels, Namur and Ardennes in Belgium; Luxemburg; Geneva, Lausanne, Fribourg, Bern, Thun, Brienz, and Interlaken in Switzer-

After discussion the Council went on record that the Ore-nter is properly a student function building up good public relations for the University. The proposal will be submitted to the Publications Board for reconsideration today.

The Council formulated a policy on campus drives to substitute for the idea of having one unified drive, which was found impracticable.

The four major drives now on the campus—March of Dimes, Red Cross, Community Chest, and World Student Service Fund, will be allowed to continue, with this distinction: The WSSF is the only officially ASUO-sponsored drive, but the other three may utilize student participation in promotion. Any other drives may solicit on the campus but must use their own personnel.

Lou Weston, second vice president, reported that she and Warren Davis, appointed to study Mill-race development, are awaiting a reply from the University Planning Committee. ASUO President Art Johnson appointed Miss Weston to investigate the possibility of having student representation on the committee, which is now composed entirely of faculty members.

The feasibility of having a four-student advisory board to sit with Athletic Director Leo Harris in formulating policies on seating arrangements, tickets for student wives, and related matters, will be investigated by Herb Nill, new junior representative.

Virginia Wright, new sophomore member, was named to continue the work started last term by Bill Lance, ex-junior representative, on the proposed Faculty Follies.

land; Como, Milan, Italian lakes, Verona, Padua, Venice, Bologna, Florence, Siena, Rome, Leghorn, Pisa, La Spezia, Genoa, and San Remo in Italy.

The cost of the trip is \$1,400, minimum first class rate from New York to New York. Places may be reserved with the party by making a deposit of \$200.

Dr. Bourbousson, author of several books and many articles, is a graduate of the University of France. He has also lived in the countries in which the tour is organized.

More information may be obtained from Dr. Bourbousson, Oregon State College, Corvallis, Oregon.
