Six undefeated teams maintained perfect records in intramural "A" basketball action Tuesday night. McChesney and Phi Kappa Sigma won narrow victories, while Nestor, Delta Tau Delta, Minturn, and Phi Sigma Kappa met little or no trouble.

McChesney ignored the scoreboard and came from behind in the second half to edge the Tekes, 19-17. Held to one field goal in the first half, the winners suddenly remembered the basket and rolled to a 12-8 lead in the third quarter. A Teke rally knotted the count at 12-12 at the end of the period. The Tekes made it 14-12 before McChesney went ahead again, this time to stay.

Woods, Lacy Pace

Ron Wood led the McChesney uprising and netted eight points for his night's work. Lacy garnered 10 for the losers.

Phi Kappa had enough points in the bank to withstand a Philadelphia House surge in the second half, and provide a 16-14 win. The Phils narrowed a 5-1 halftime deficit to 10-7 at the final turn and made it 15-14 with 30 seconds to go. Father Time was the man of the hour for the Phi Kaps.

Yyons led the winners with seven points. Settecase got six for the Phi Kaps, as did Cummings for the Phillies.

The defending champion Delt quin-

et could thank Campbell Club inaccuracy for an 8-11 triumph. The contest was rough all the way, with the Delts and the officials seeing things in a different light on several occasions. A tight Delt defense was responsible for some of Campbell's failure to hit. Halftime count was 12-3.

Adair topped the scoring with six points. The Delt was closely followed by Coenenberg, who netted five for the Campbell Clubbers.

Nestor went through the formality of a 24-10 win over a French quintet that was colder than a tombstone on gabardines. The winners held a 13-3 halftime edge and more than equalled a free-throw rally to make it 20-4 at the end of the third quarter. The losers closed the gap by six points against Nestor reserves in the final period.

Miller topped the entire evening's individual scoring with 13 points. Harbick potted five for the losers.

Naismith Turns in Grave

Minturn had little trouble in posting a 17-11 win over a rather unpolished Agate quintet. The contest didn't always resemble exactly what Doc Naismith had in mind when he invented the game. Halftime score was 8-4, with the Agates unable to solve a 6-2-2-1 defense. Johansen contributed five points to the winning cause. Tom added four for Minturn, and his total was equalled by Mundle and Charlton of the losers.

Alpha Tau Omega's handball crew took all three matches from Theta Chi.

House That Pancho Built

Here reference to Gonzales' equality to Babe Ruth was built around the Californian's ability to draw. Wherever he has appeared once, his second showing will bring a virtual stampede. In Montreal, for example, 10,000 jammed into the arena to view Pancho; the following night at Toronto, thousands were turned away.

Kay had one complaint to register—that the existence of a tennis player's wife is at least as rough as an orchestra-wife, or a baseball player's when the season is on. Riggs has made it "home" for Christmas just once in the last seven years. Pancho Gonzales, whose wife is expecting, probably won't see his first born till he or she is almost nine months old. Such hardships must be deserved, we figure. Such loyalty must be based on true love—but wait—. One more interesting angle is the financial revenue that a smashing serve, a tooth-jarring drive, and plenty of publicity will afford.

Thus far in the tour, the exhibition has shown at 55 places. It started October 25 at Madison Square Garden in New York City, and from that time and place has moved across the country and has been seen by approximately 200,000 persons. The tennis champs perform sometimes four of five nights a week. Their average gate has run at about 4,500, and before the tour is completed in the United States, it will have covered 120 stops. The take so far has been in the neighborhood of 150,000 leaves of good, old-fashioned American dollars.

Will Go A Long Way

The financial split will net Gonzales about 60,000 dollars; Kramer about 55,000; Frankie Parker 500 a week; Pancho Segura 300 per week, with the rest going to the Riggs'. The tour expects to go to South America in June, South Africa in September, and wind-up in Europe by October before reutnrning to the United States.

Bobby will announce all the matches himself, according to his wife—also. Part of the equipment is a portable canvas floor-covering, which is mored in place by 24 sturdy cables. She calls this tour the greatest collection of tennis talent ever assembled, with reference to Segura, the South American champ, and Parker, who was in the top ten for 18 years. "He was great—" Kay said—"but he will probably be like Gehrig—have to die before he is recognized—."

Church History Conference Set

Plans are now underway for a meeting of the American Society of Church History to be held on the campus on Mar. 7 and 8.

Matthew Spinoka, editor of the Church History National Quarterly Journal, will be the principal speaker of the session. The subject of his four lectures will be "Russian Religion Renations."

Many faculty members will participate in the meeting. R. D. Clark, assistant to the dean, and Dr. Robert Smith, professor of history, will read papers at the conference. Also represented on the program will be D. E. Clark, head of the History Department; Gordon Wright, professor of history; H. N. Wieman of the Philosophy Department; and M. P. Jacobson of the Department of Religion.

Dr. Quirinus Breen, president of the Pacific Coast division of the society, said that a similar meeting was held on the campus in 1947 with great success. At that time, John T. McNeill of New York, gave four lectures.

and Idaho's Bob Pritchett, and he will undoubtedly need help and relief in the four games.

Will Urban's biggest task this week will be to hang on to WSC's Eddie Gayda, who recovered from his weak ankle long enough to pot 27 points in one game against Idaho last week.
