

Unemployment Survey Planned

Immediate attention will be given to the Lane County unemployment problem as a result of a decision made Friday by the Governor's Advisory Council on unemployment, headed by Calvin Crumbaker, economics department head. Crumbaker was appointed to the chairmanship a few months ago.

Next meeting of the council will be held Feb. 24, either on the University campus or in the Eugene office of the Oregon State Employment Service. Gov. Douglas McKay is expected to attend.

A local group will be formed, with advisory council support, to conduct the unemployment survey. Lane County resources and the possibility of developing more jobs will be studied by the group, according to Crumbaker.

Dr. Hill, Alumnus, Dies in California

Dr. Claiborne M. Hill, 92, early graduate of the University of Oregon and pastor of the Eugene First Baptist church from 1884 to 1890, died at his Garden Cove, Calif., home on Jan. 27.

Dr. Hill received his B.A. degree in 1881 and M.A. degree in 1885, both from the University. He took seminary training at the Rochester Theological Seminary and later became the first president of Berkeley Baptist Divinity School. He was a member of Phi Beta Kappa, national scholastic honorary. The Claiborne Hill Chapel is being erected in his honor on the Rochester campus.

Dr. Hill was born in Suisun, Calif., in 1857. He is survived by a son, Carey, and a daughter, Mrs. Paul K. Yost, both of Los Angeles. Funeral rites were held in Los Angeles on Jan. 30.

Eugene temperature did not set any new heat records, but then the sustained yield hearings and Rush Week did not count.

Gamma Delta; it was the "bees" bid for game of the year.

Four Hands Left

At the end of handball action last week four teams had reached the quarter final stage. The list reads: ATO, Omega, Sigma Nu, and Campbell Club. Four additional teams will reach the quarter finals as a result of this week's play.

In Thursday's all "A" hoop games, six quints—ATO, Sigma Chi, Sigma Nu, Sigma Alpha Mu, SAE, and Theta Chi—registered a favorable chalk in the win column.

ATO had little trouble in smashing Sigma Hall 25-6. The half-time score read 20-0. Walt McClure and Dan Cudahy each scored six points for the winners, and teammate center Lee Campbell dropped eight points into the hoop.

Sigma Nu Powers

Sigma Nu powered a 27-11 victory over Merrick; the eleventh street quint led 17-6 at half-time. Harold Zurcher had seven points for the losers.

Sherry Ross maintained the pace for a while, but finally smooth ball play gave Sigma Chi a 20-11 victory. At half-time the dormitory

crew was on the tail end of a 13-8 score. Dave Holloma and Earl Stelle paced the winners with 7 and 5 points respectively.

The Sammies were really hot—nothing less—as they solidly whacked Alpha 39-13. At half-time the score read 20-8. Harold Mink had 14 points and Gerald Ginzberg had 10 points for duo scoring honors of the afternoon.

SAE tipped Cherney 16-9 in a rather "bucketless" game. At half time the greek crew led 4-0. Ray Karnofski had seven points for the winners.

Theta Chi had to go the full limit to stump a stubborn Stan Ray quint, 21-16. Ron Clark tossed in seven points for the winners.

More importance was attached to the "B" games than the "A" games on Friday's casaba slate. "A" division winners were Gamma, Chi Psi, and Pi Kappa Alpha; "B" winners by narrow margins were Phi Gamma Delta, Stan Ray, and Kappa Sigma.

Gamma Hall Rolls

Gamma spiked Pi Kappa Phi 18-11; Chi Psi smacked Stitzer 28-13; and Pi Kappa Alpha ran to a 25-18 win over Hunter.

For all practical purposes the

Sigma Chi-Fiji game was the "championship" game of "B" action. Action was top-notch; the score was tied 17-17 at the end of regular playing time and remained that way through the first overtime. In the second overtime Bill Colver, Sigma Chi guard, dumped in a two pointer, but Fijis Bob DeConey and Jim Snow each duplicated the feat and this was enough for a 21-19 victory.

With fifteen seconds in the game, Jack Countryman left-handed a thirty foot swisher which broke up a 12-12 tie and gave Kappa Sigma the victory over Theta Chi, their third victory this season. This loss dropped Theta Chi into a 2-1 win-loss category.

Stan Ray snatched the lead at the first of the game and this was enough to beat Merrick 13-10 in a "ruff and tumble" get-together.

Jacobson to Give Talk

"The New South" will be the topic of a talk by Dr. N. P. Jacobson, visiting religion department head, to women members of the Congregational Church there at 2:30 p.m. Feb. 21.

Class of '53 Votes

where he was student body president and representative to the national student council in Washington, D. C. Paillette, winner of the Radio Research Award at Klamath High School last year, is a pledge of Alpha Phi Omega, national service honorary.

Jackson vs. Wilkes

Miss Jackson, Highland House, will vie with Jackie Wilkes, Sigma Kappa, for the number two position in the class.

Miss Jackson, former columnist for the Klamath Herald News, is editor for the Pacific Coast Student Cooperative League, and alternate representative for the AWS.

Miss Wilkes was editor of the "Washingtonian," weekly paper of Washington High School, Portland. On the campus, she is president of the YWCA freshman commission.

Preparation of the polls for today's election was made by Alpha Phi Omega. Polling personnel were solicited by Kay Kuckenberg and Barbara Clerin.

The alarm clock is more reliable than the rooster and can be depended upon not to make getting up any easier.

Every child needs two parents

Cancer kills more mothers of school age children than any other disease

● Once, not too long ago—Mom heard her prayers at night, dressed her in the morning and got her off to school. . . . But Mom went away and didn't come back.

No home is safe from cancer. Last year cancer killed more mothers of growing families than any other disease. Tragic—but even more tragic is the fact that many of these deaths need never have happened.

Many of the mothers who now die could be cured—IF they learned to recognize cancer's symptoms and seek medical advice immediately —IF sufficient money can be found for the cancer research needed to discover the causes of the disease, to perfect its treatment.

The American Cancer Society, through its program of public education and medical research, is dedicated to the conquest of cancer. Will you help?

Give to the American Cancer Society GIVE TODAY—GIVE MORE THAN BEFORE

Even the fish are talking . . . Yes, you can see and hear fish that whistle, screech and even cluck like barnyard chickens. They're starring in the amazing new scientific film.

VOICE OF THE DEEP. VOICE OF THE DEEP is a sound motion picture filmed in beautiful full color by Moody Bible Institute of Chicago. See it Thursday evening, Feb. 9, at 207 Chapman. With showings at 7:30 and 8:30. Admission is free. It's new . . . scientifically accurate . . . educational. Be sure to see and hear VOICE OF THE DEEP.
