### Urban Grabs 13 to Lead Team

(Continued from page four) with the result that some mighty rough play ensued.

#### Urban High Man

Oregon trailed at half-time by the 31-26 mark, but came back on the floor with a determined air. The Wefoots soon grabbed a 37-34 lead after Captain Will Urban went wild and potted five points in the space of two minutes. He was keeping his promise to Head Coach John Warren, confined at home recovering from pneumonia.

Urban called Honest John by phone during the half-time intermission and told him that the team would beat Idaho.

Urban was high for the game, with 18 points.

At the 12-minute-to-go mark, Oregon led Idaho by a 43-36 count, and seemed out of danger. But the Vandals kept trying for a comeback by attempting to steal the ball repeatedly. Oregon's ball con-

trol tactics, however, thwarted these attempts.

The two-minute rule this time was on Oregon's side and gave the Ducks extra free throws off ball-slapping Vandals.

Idaho won the 1950 series from the Ducks, since the Vandals won three games to Oregon's one. The two Vandal victories in Moscow, coupled with the single Friday night, make this the first series-win over Oregon since 1933 for the Vandals.

Mel Krause seemed destined for scoring honors in the first part of Saturday's game after he potted several difficult shots from angles. But he also got off five bad passes in the first period which allowed the Vandals five scoring chances.

Oregon faces Oregon State College this coming Friday night in Corvallis and in McArthur Court Saturday night for the last game of the season.

## Major Bill Reynolds, Oregon '40 Pilot-Professor, U. S. Air Force!

Bill was an all-round athlete. He chose football as his favorite sport, made the varsity teams at Pomona Junior College and also at the University of Oregon.

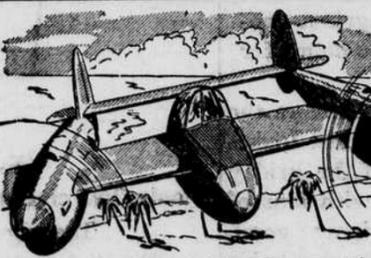

A Theta Chi, Bill enjoyed social life. Found that it eased the pressure of rugged athletics and his heavy study schedule in Personnel Management.

Upon graduation, Bill chose a future in the Air Force. He "flew" his first Link trainer as an Aviation Cadet in 1940. By March, 1941, he had won his pilot wings.

The 1st Observation Squadron, Fort Riley, Kansas was Lieutenant Reynolds' first assignment. While there he met the future Mrs. Reynolds. They married a year later and now have two fine sons.

The Squadron moved to Panama, then to the Pacific. Bill advanced from pilot to operations officer to squadron commander. He came home a Major and qualified for a Regular Commission.

Recently commended for peacetime work—organizing and improving instruction techniques—Major Reynolds, a "Pilot-Professor", looks forward to a long and gainful career in the U. S. Air Force.

If you are single, between the ages of 20 and 26½, with at least two years of college, consider the many career opportunities as a pilot or navigator in the U. S. Air Force. Procurement Teams are visiting many colleges and universities to explain these career opportunities. Watch for them. You may also get full details at your nearest Air Force Base or U. S. Army and U. S. Air Force Recruiting Station, or by writing to the Chief of Staff, U. S. Air Force, Attn: Aviation Cadet Branch, Washington 25, D. C.
