2. That the traffic court is not properly authorized according to the ASUO constitution.

3. It is questionable whether the power to collect fines has been delegated to students.

According to Caldwell, the ASUO Executive Council will review the petition and decide whether or not the students have the right to refer it on to the Judiciary Committee. It will be up to the latter body, composed of three faculty members from the law school and three students, to interpret the constitution and render a decision on the appeal.

In other cases last night, two persons were fined \$1 each and one fine was suspended. \$11 were collected at the Office of Student Affairs during the past week from persons who posted bail.

Any harm in a nap after Dinner?

To most of us a nap after Thanksgiving dinner is as much a part of Thanksgiving as the turkey itself. And there's no harm in that if we don't stay asleep to the responsibilities that go with the good things we have to be thankful for... the good things we enjoy only because we are a free people.

But too many of us go right on napping year after year.

45 million Americans failed to exercise their right to vote in the last presidential election! They were asleep to one of the most fundamental duties of free Americans.

How many millions more of us are asleep to our other duties as citizens of a democracy? How many of us are napping when we should get out to our Town Meetings and other civic government groups? How many millions of us pay union dues and don't vote in union elections—own stock

but throw away our proxies? How many of us dodge jury duty?

These are our rights as free people! These are the rights we'd all hate to lose—yet so many of us do so little to help keep them. We must do more than give thanks for the good things freedom gives us—on Thanksgiving or any other day of the year. We must work to keep our freedom. We have a government "of the people"—and only the people themselves can make it work right!

It takes 150 million full-time, wide-awake citizens to keep our democracy going—to keep it going strong!
