**Catholic Retreat Starts April 19**

A three-day retreat for all Catholics on the campus will begin Wednesday. All services and talks will be held in Gerlinger Annex.

The Rev. James J. Harrington, Paulist missionary from Portland, will give a short lecture after the 7 a.m. Mass, talks at 5 p.m. on Wednesday and Thursday, and evening discussions at 6:30.

Marriage is the subject for both of the 5 p.m. talks. Wednesday's is for women and Thursday's for men. "Why Are We Living" will be evening topic and "The Way To Happiness" Thursday's.

Father Harrington has conducted missions throughout the West and in Canada during the last two years. He was formerly an assistant at St. Philip Neri Church in Portland.

**Inter-varsity to Hear Gospel Talk Tonight**

Herbert Butt, formerly of Inter-Varsity Christian Fellowship headquarters and Multnomah School of the Bible, will speak on "The Magnificent Certainty," at the regular meeting of I.V.C.F. at 7 p.m. tonight in John Straub cafeteria.

Butt's topic is the beginning of a series on the Christian gospel which will continue Wednesday, Thursday, and Friday in 103 Oregon, at 6:30 p.m. All students are invited to attend and take part in a question discussion period after each meeting.

Inter-Varsity is a world-wide interdenominational organization designed to promote Bible study, daily prayer, and Christian fellowship on the campus.

**Spanish Club to Meet**

Pictures of Mexico will be shown at a Spanish Club meeting at 7:30 tonight at Westminster House.

Glenn Morgan, graduate student in political science, took the pictures last summer.

**VA Okeh Needed By Graduating Vets**

Student veterans who are receiving degrees in June must get prior approval from the Veterans' Administration before continuing study under government benefits, according to J. D. Kline, assistant registrar.

To receive approval the veteran must obtain form 7-1905 E directly from the VA immediately, Kline explained. The form is self-explanatory.

Completed forms may be turned in to Kline in Emerald Hall.

**New Constitution Ready**

(Continued from page one) tion would need to be approved by a two-thirds majority of all votes cast provided that one-third of the qualified voters vote on the amendment, rather than by a two-thirds majority of 50 per cent of the student body as required by the present document.

Several changes were made in the new constitution by the Executive Council after the revision committee had submitted the document for its approval.

When fresh from the revision committee, the constitution provided for open primaries. The Council struck out this provision on the grounds that getting the vote out twice would be too cumbersome and too easy for one party to control.

Another change made was in the clause which originally provided for control by the Senate over all student body expenditures. It was claimed that this would hamstring the President, who is responsible to the University for all ASUO funds.

"He would have to get Senate approval before buying a postage stamp," was the objection of one Council member.

In the original document, the Senate would have consisted of 47 members, including representatives elected from each of the schools. This was deemed unworkable because of the size of the body and the difficulty of handling elections.

**Teachers Placed Through Bureau**

Openings in 577 teaching positions for the coming year had been received by the Teacher Placement Bureau by Apr. 11, Director E. M. Pallett said Monday.

For these jobs, 421 recommendations were made of Oregon graduates of 1950 and other years, Pallett reported. No recommendations were made for 156 positions because of lack of available people for specialized jobs or because of the emergency character of the position.

The majority of placement is for senior high school, Pallett stated. However, calls are also on the elementary, junior high, college, and administrative levels.

**Council Names Funk**

(Continued from page one) Discussion of the millrace situation brought out that many difficulties have been discovered in trying to find a site for a Canoe Fete on the race.

The highway by the race is the second most traveled stretch of road in Oregon (Portland's Sandy Boulevard being the first), making it difficult for spectators to cross without endangering themselves. There is also a lack of parking facilities and sufficient current in the race to move the floats.

Lou Weston and Warren Davis, chairmen of the millrace investigation committee, will have a report on the situation soon, Miss Weston stated.

Suggestions for the use of the site, if constructed, have included scheduling outdoor music concerts, which would accommodate a larger number of people than the music school auditorium. It was noted that noise from the highway and railroad might also interfere with the plan.

A New York man holds 1,000 patents. Who wants to bet that none of his faucets leak?

**400 Expected at Picnic**
