

Technical Jobs In Civil Service Listed as Open

Civil Service positions as mathematician, chemist, physicist, and metallurgist in Washington D.C., and as director of research and assistant director of research in the general laboratories of the Philadelphia Quartermaster Depot, Philadelphia, Penn., are now open.

Salaries for mathematician range from \$3825 to \$10,000 a year, and for chemist, physicist, and metallurgist from \$4,600 to \$10,000 per year.

Applicants must meet a basic requirement of appropriate education, or experience, or a combination of both. They must have had professional experience in the appropriate field.

Director of research pays \$10,000 a year; assistant director, \$8,800. To qualify for these positions, applicants must have completed a four-year college course, have four years of experience, or a combination of both. They must have three years of broad professional experience in physical science, including or supplemented by at least two years of experience in an administrative capacity.

No written test is required. Applications for mathematician, chemist, physicist, and metallurgist will be accepted in the office of the United States Civil Service Commission, Washington 25, D.C., until further notice. Persons who wish to receive early consideration should apply before May 23.

Applications for director of research and assistant director, must be filed with the Board of United States Civil Service Examiners, Philadelphia Quartermaster Depot, 2800 South 20th Street, Philadelphia, Penn., not later than May 23.

Gardener Exam Set for May 15

An open competitive Civil Service examination for the position of gardener will be given at 1:30 p.m., May 15, at the Municipal Auditorium in Portland.

Candidates must have had at least two years' paid experience as skilled gardeners on a large estate, park, or responsible experience with commercial horticultural organization. Such experience must show that candidates have a knowledge of propagation, growing, and care of trees, shrubbery, and flowers.

College study in agriculture, forestry, or landscape architecture may be substituted for practical experience.

Applications must be filed in Room D, Municipal Auditorium, S.W. Third and Clay, Portland before May 10.

House Picnic Attendance Data Needed Wed.

Fraternities and sororities operating under the Bresee-Warner accounting system should notify Bresee-Warner by 5 p.m. Wednesday of the number of members who will be eating lunch at the All-Campus Picnic May 13. Tickets Chairman Irene Philan said Monday.

Parsons to Give Exams

J. R. Parsons, professor of sociology, will give Civil Service examinations today in Portland for the offices of chief probation officer and supervisor of social services for the Multnomah Court of Domestic Relations.

Reports from all over the country say that square dancing is getting around.

Sabine to Speak Plans Explained On Puritan Revolt For Seniors

"An Episode of the Puritan Revolution" will be discussed by Dr. George H. Sabine, professor of philosophy at Cornell University, at a 6:15 p.m. dinner of the Social Science Club Thursday at the Faculty Club.

Reservations for the dinner, at \$1.25 a plate, will not be received later than noon Wednesday. They may be made through H. E. Dean, professor of political science, 109 Oregon.

Dr. Sabine is visiting professor of philosophy at the University of Washington at present. He is author of "A History of Political Theory," co-translator of "The Modern Idea of the State," by Krabbe, and of Cicer's "On the Commonwealth."

CAMPUS CALENDAR

6:30 p.m.—Phi Theta Upsilon, Chi Omega

6:35 p.m.—Alpha Phi Omega pledge class, Delta Tau Delta

7 p.m.—Christian Science Club, 1251 Emerald St.

7 p.m.—Inter-Varsity Christian Fellowship, John Straub dining room. F. A. Beard, superintendent of the University Press, will discuss "Trouble."

Oleman to Lead Cosmopolitans

Carolyn Oleman, junior in music, was elected president of the University Cosmopolitan Club at a Friday night meeting in Gerlinger Hall.

Other new officers are Jim Oswald, secretary; Wah Chun, treasurer; and Dirk Schepers, social chairman.

Advisers for the club are L. O. Wright, professor of romance languages, and Mrs. Wright.

Following the elections, tentative plans were discussed for a talent show, a hayride or picnic, and a semi-formal dance.

Over 50 students attended, of which half were foreign exchange students. Games and dancing followed the general meeting.

The club will meet at 8 p.m. Friday in the YWCA headquarters, Gerlinger Hall.

Exchange Student To Present Recital

Ernst Lutz, exchange student from Vienna, Austria, will present an organ recital at 8 p.m. Thursday in the School of Music Auditorium.

He will play works of Johann Sebastian Bach.

Also on the evening program will be a sonata for organ and two violins. Violinists Ann Kafoury and Ellen Liebe, sophomores in music, will assist Lutz.

No admission will be charged. The meeting is open to the public.

(Continued from page one)

combined senior picnic-dance to be held June 9. Free chow will be served at 6 p.m., followed by a free dance at Swimmer's dance hall for the exclusive use of seniors and their guests.

Ticket Number Reduced

Tickets for guests at Commencement will be limited to three this year. Usual number is four, but this last veteran-dominated class will take up more room in Mac Court than ever before in University history.

Tickets will be issued starting May 29. Any extra tickets will be doled out on a first-come, first-serve basis, June 9. Alumni secretary, Les Anderson's staff will ask you to register as an alumnus when you visit his office. This doesn't cost anything!

Students will receive a full year's subscription to Old Oregon free of charge and will automatically be welcomed into the Alumni Association family without payment of dues.

Six class reunions are scheduled for Commencement weekend. It is advised that seniors expecting guests before Sunday, June 11, make reservations now.

Sad Story

Approximately 350 seniors have completed graduate placement procedure, and another 200 are in the process of completion. Take this for what it's worth:

The typical graduating senior is going to have to hustle more and sooner (if he's wise), than the graduate of the recent past.

There are approximately the same number of firms listed with Karl W. Onthank's Graduate Placement Office, and about the same number of interviews scheduled as last year, (1) they need fewer men, and (2) the prospective employee list has increased greatly.

The employer will enjoy a buyer's market at the college graduate harvest of 1950. Thus ivory-tower tactics won't get one very far.

Visit Office

Dean Onthank urges that seniors get their graduate placement material to his office as soon as possible.

Besides furnishing employment advice, counseling, and aids in securing positions before graduation, the office serves as a home base for future references. It is a long-range plan, and should not be ignored.

And lastly, be sure to clean up all debts to the school prior to Commencement. Incentive here is strong. You just don't graduate until financial debts are cleared.

See 'ya at Mac Court June 11th!

Applications Due Friday

Friday is the deadline for submitting applications for the Mortar Board scholarship. President Majorie Petersen reported Sunday. Any junior woman is eligible to apply.
