

### Veteran's Administration Sets Deadline For G.I. Bill Education

Veterans' deadline for starting a course of education and training under the G.I. Bill is July 25, 1951, the Veterans Administration announced recently.

A majority of veterans will not be permitted to begin G.I. Bill courses after that date. Exception will be made for those discharged after July 25, 1947, and for those who enlisted or re-enlisted between Oct. 6, 1945, and Oct. 5, 1946.

Veterans who have started and are actually pursuing G.I. training on the deadline will not be affected and may continue their courses even if they are forced to interrupt them temporarily for summer vacations or other reasons.

If a veteran completes or discontinues his program for G.I. Bill training after the deadline, he may not start another course.

After the deadline, veterans who are enrolled in courses will be expected to pursue their training until completion, the VA said. They may change their educational objectives only while in training and then only for reasons satisfactory to the administrator.

The VA explained that it is issuing regulations on deadlines at this time in order to give veterans ample opportunity to make their plans for the future.

### Petitions Asked For Homecoming

Petitions for chairman of the 1950 Homecoming celebration were called for by ASUO President Art Johnson Tuesday.

Deadline for applications is 5 p.m. Monday in the ASUO office, Emerald Hall.

The chairman will be chosen by the new Executive Council after its members are installed at the ASUO dinner June 1, Johnson explained.

Neither Barry Mountain, president-elect, nor Herb Nill, first vice-president-elect, were available for comment Tuesday on the question of when a Council junior representative will be chosen to fill the vacancies caused by the withdrawal of Will Urban and Dick McLaughlin from the recent election.

However, Johnson believes that the representatives will probably be chosen by the new Council early next fall.

Mountain and Nill are attending a conference of the Pacific Student Body Presidents' Association in Yosemite National Park, Calif.
