

SU Issues Call For Pin-setters

An urgent call for pin-setters was issued yesterday by Lou Bellissimo, Student Union recreation manager, who said he can use at least 50 names of prospective workers in the new SU bowling alleys.

Pin-setters in the SU will be paid a rate of 9 cents a line, which Bellissimo explained is the regular rate in this area.

Hours in the basement bowling alleys at the SU are 9 a. m. until 10:30 p. m. on week-days, until midnight or 1 a. m. on Friday nights and until 1 a. m. Saturday night. Sunday hours will be noon until 8 p. m.

Pin-setters will work with semi-automatic setting machines. A pin-boys' room behind the alleys is available for all setters where they may relax and study when not working. They will get special rates if they care to bowl or play billiards.

There's a superstition in Peru that a quake may occur in any month in which Sunday is the seventh day. Shaking for a seven.

Big Bob

BUSTER McCLURE, Webfoot line coach, claims rodeos as his hobby. Two years ago he won the novice calf roping championship at Reno, and next Saturday he'll be trying to rope the UCLA Bruin at Los Angeles.

IM Football Entries Due

Two o'clock today will be the absolute deadline for entries in the intramural football league.

Everett D. Perry, assistant intramural director, has sent out entry blanks to all living organizations. The early deadline has been set in order to get the IM program started as quickly as possible.

All managers or representatives of living organizations entered in the league are asked to meet at 4 p. m. Monday in the IM office. Peery hopes that action can get underway Tuesday.

Representatives from the Inter-Fraternity Council and Inter-Dorm Council are being chosen to observe the scheduling system and to serve in a liaison capacity between the intramural office and the various campus organizations.

Twenty men are needed to officiate in touch football. Anyone interested should call Professor Paul Washke, director of intramurals, or Peery as soon as possible in the PE building. Eight games will be scheduled each day for the four fields.

Ma Crandall Loves Those UCLA Bruins

Mrs. Alice "Ma" Crandell, 71-year-old UCLA rooter from Quincy, Ill., who has not missed a Bruin football game in nine years, started her 10th year on Sept. 1 by wearing her UCLA letterman's sweater to the opening grid practice on Spaulding Field.

Managers Shy

The Frosh football squad expected to be one of the strongest Duckling elevens in years, some student managers. Student interested in this work may contact Student Varsity Manager John Gram at McArthur Court at the Phi Gamma Delta practice. Already is under way these jobs must be filled immediately.

Half a billion dollars at work for you

This picture shows what Standard of California has spent, since the war, on facilities needed to bring you more and better petroleum products... and to compete with other oil companies in this extremely competitive business.

But... what else has this money accomplished?

It has helped every community in the West... created jobs in many industries and made those of our own people better. The money has spread to other businesses, large and small, and to every profession. Homes have been built, automobiles purchased, educations planned and started for many of the West's young people.

We point this out to show how big companies make money work for everyone. And, certainly, the public must share the credit... for the public alone can make a company big.

Over the years, you have found Standard

products good and have bought more and more of them. You've made us grow. A large share of our profits each year is turned back into the tools which mean still better products and more efficient service for you. And, perhaps even more important today, the tools which give much added strength to our nation.
