Facilities Ready For Atom Bomb

University housing, cafeteria, and hospital facilities will be used by the Red Cross to care for victims in the event of an atomic attack in this area, Karl W. Onthank, director of the Graduate Placement Service reported yesterday.

A member of the Lane County Red Cross executive council, Onthank reported that he was contacted several weeks ago by other Red Cross members concerning the use of University facilities to house, feed and care for victims of a theoretical atomic attack.

Details of the plan, such as where students now using the housing facilities would live, are not yet complete, Onthank said.

Student Union's Cafeteria Needs Student Workers

The cafeteria at Erb Memorial Student Union is in need of help. Anyone who wants to make sixty cents an hour with a possible bonus of ten cents an hour may report to Miss Shirley Sylvester, Student Employment Secretary.

All kinds of help from dishwashers to soda jerks are needed, especially in the morning on Mondays, Wednesdays, and Fridays. People are needed on any evening. Workers over the weekends are needed, also.

The cafeteria is one of the most elaborate in the northwest. The kitchen has an automatic butter cutter, one of the best automatic dishwashers, and a special arrangement for making salads. There is a lowerator that keeps the dishes at the same level on the counter in what seems an endless stream.

Onthank Renamed On YMCA Board

Karl W. Onthank, graduate placement director, received news of his re-appointment as a member of the National Advisory Board of the Student YMCA. He is also a member of the Student Committee of the Northwest Area Council which includes representatives of all west states.
