Former Boxer Sets Address For Fellowship

"Battling Bob" Finley, former inter-collegiate boxing champion of the United States and now a missionary who returned two weeks ago from Korea, will address Inter-Varsity Christian Fellowship, which meets tonight at 7 in Gerlinger Hall.

Finley has addressed more than a million Koreans as part of the missionary movement to spread Christianity throughout the world. He will give an eye-witness account of the North Korean invasion of South Korea.

Finley has won wide acclaim as the man "most aware of political tension in the world today." His work has carried him to Greece, India, Italy, Turkey, China, and he will shortly return to Formosa to carry on missionary work.

You can get a government bulletin on almost every subject except curbing government expenditures.

Choral Union Calls Tenor, Bass Men

Although many people have already signed up for Choral Union, there is still a great need for men; about a dozen or so tenors and a half a dozen basses.

Those who still wish to sign up should try out with Donald Allton, professor of organ and theory, before Wednesday, in the music school. Class hours are 3 p. m. Tuesday and Thursday in the music auditorium.

Infirmary Admits 8 Weekend Patients

Eight students were admitted to the infirmary over the weekend. These include Suzanne Cocke, Ram, Anne Goodman, Kenneth Goodman, William Batterman, Robert Mullen, Joseph Nelson, James A. Stephens, and Dennis Sullivan.

A total of 14 students were admitted during registration week.

All a good executive needs for an office is a room that's big enough for his brains.

Any harm in a nap after Dinner?

To most of us a nap after Thanksgiving dinner is as much a part of Thanksgiving as the turkey itself. And there's no harm in that if we don't stay asleep to the responsibilities that go with the good things we have to be thankful for . . . the good things we enjoy only because we are a free people.

But too many of us go right on napping year after year.

45 million Americans failed to exercise their right to vote in the last presidential election! They were asleep to one of the most fundamental duties of free Americans.

How many millions more of us are asleep to our other duties as citizens of a democracy? How many of us are napping when we should get out to our Town Meetings and other civic government groups? How many millions of us pay union dues and don't vote in union elections—own stock

but throw away our proxies? How many of us dodge jury duty?

These are our rights as free people! These are the rights we'd all hate to lose—yet so many of us do so little to help keep them. We must do more than give thanks for the good things freedom gives us—on Thanksgiving or any other day of the year. We must work to keep our freedom. We have a government "of the people"—and only the people themselves can make it work right!

It takes 150 million full-time, wide-awake citizens to keep our democracy going—to keep it going strong!

EVERY HOME should have this guide to the Rights and Duties of an American.

Do you know your rights? Do you know the nine keys to good citizenship . . . the how and why of each? You'll find all this useful information and many other interesting facts about your country in this handy little booklet.
