

Campus Merry-Go-Round

This is the first rotation of the "Merry-go-round," which by press time received news communiques from all living organizations.

Survival of the fittest is the underlying secret to the column, since it is up to each living group to appoint a publicity chairman or Emerald correspondent, and instruct that person that the amount of press clippings his or her group gets is strictly up to the correspondent's diligence.

The next deadline has been set for 3 p. m. Monday. Copy is to be brought to the labelled "pigeon-hole" at the Emerald shack by that time.

At AOPi. . .

EMBARRASSMENT WAS ADDED to confusion during the first week of school as the AOPi's found themselves "crawling out of bed in the early morning, wending their way past busy carpenters and, with reddened faces, pulling dainty garments from dresser drawers in the hall."

IN THE PINNING department, the names of Marion Heath and Theta Chi Glen Warburg; and Marge Fulton and Delt George Guldager were listed.

At Alpha Phi. . .

TWO PINNINGS WERE reported by the Alpha Phi's. They were: Starly Sparks to Kappa Sig Abe Johnson, and pledge Meleta Moyer to Beta Bob Atkinson.

At Alpha Xi Delta. . .

OREGON STUDENTS probably remember Guatemalan exchange student Carmen Perez, guest at the Alpha Xi Delta House last year. This term, that South American touch is still present, with the arrival of Carmen's younger sister, Victoria. A music major, Victoria's dancing has already displayed her dancing ability before Campbell Club and Sig Ep visitors.

Vicky reports that Carmen's return to Guatemala City brought forth a meeting of Duck Fans International; the family met Carmen, all of them decked out in lemon and green, waving pennants, sporting rooters' lids and singing the Alma Mater. That is one reason Vicky arrived on campus well versed in Oregon traditions.

At Ann Judson. . .

FOUR NEW GIRLS received pledge ribbons. They are: Virginia Rabick, Ann Prutsman, Shirley Shupe, and Sue Souter.

At Chi Omega. . .

TWO CHI OMEGA marriages of this summer were Maralynn

Manning to Sigma Nu Bob Abrams and Mary Gribble to Delta Upsilon Fred Van Horn.

SUMMER PINNINGS were Julie Northrup to SAE Bob Heim from the University of Colorado and Virginia Howard to Sigma Nu Faber DuShane.

EARLY IN THE SUMMER Chi O's received the engagement announcement of Mary Hall to DU Dick Neely, and last Saturday at a fireside Dolores Kletzing announced her engagement to Delt Chet McRobert.

At Tri Delta. . .

THE TOP PART of the house on the hill is still under construction, but the first floor was organized enough for the members to honor their new pledges with a luncheon last Monday.

BEV MILLER announced her engagement to Jim Fenimore, SAE, Wednesday. The same day Peggy Kingsley began wearing Ed Brady's Chi Psi pin.

Other recent pinnings were: Harriet Alderson to Phi Delt John Christoferson and Delores Iverson to SAE LaVerne Johnson.

Weymon Anderson returned to school this fall engaged to Dick Bartholomew.

TRI DELT WEDDINGS in Portland and vicinity this summer included:

Bev Buckley and Dave Robathan, Delt, married in August and now living in Eugene; Pat Gately and Len Ramp, now living in Eugene; Delores Hintzen and Mauri Englegau; Carol Bartel and Al Hallowell, married in early September.

At Delta Gamma. . .

PINNINGS: Geri Ramsey to Lambda Chi Wally Keylock; Nancy Morse to Phi Delt Bruce Chase; Anne Spence to SAE Herbie Ray; Peggy Hawkins to Fiji Vance McKinney; Joan Zener to Fiji Bonnie Vannatta.

ENGAGEMENTS: Ruth Mihnos to ATO Owen Bentley.

At Delta Zeta. . .

STEPHANIE MIKSCHÉ and Larry Neer were married early this month in Medford. Wednesday night the DZs gave a shower for Dorothy Bouffleur, who is engaged to marry Pi Kappa Phi Colin Nisbet in Salem on October 8.

CLEO CROSBY, Delta Zeta National Field Representative, was guest at the chapter house on the campus during the week of September 17-24.

EDNA McCURDY is back on the campus this year, and is pinned to Skip Freeman.

SU Recreational Director Likes Ducks, Feels Main Job Is to Help Students

By John Rooney

"Never feel you are imposing on me. This is the first time I've ever worked with students, and I never get tired of helping them," said Louis Bellisimo, recreational activities director of the Student Union, as he settled back in his office chair Thursday morning.

A group of students came by and Bellisimo hustled out to help them, but in a few minutes he was back again.

"I want to help the students bowl as well as possible. Bowling is a good activity, and lots of fun, but to get the most enjoyment out

of bowling, a bowler must have good form," Bellisimo pointed out.

Form Needed

And form is something that Bellisimo is earnestly trying to bring to student bowlers. Although the hustling, good humored, director puts in a 15-hour day supervising the billiard tables, bowling alleys, and student help, he has arranged to give private lessons to students who wish to improve their bowling.

The only cost is the price of eight lines an hour, and that, he said, as he started out to help a group of freshie co-eds "is just to pay the pin-setter who will be sitting back there all the time—no matter how many balls you throw or don't throw."

Bellisimo, a top-flight bowler who has played in all the major tournaments throughout the nation, came to Oregon in 1940 for the Northwest Bowling Congress. Impressed very much with the area around here, the former bowling instructor from Los Angeles came up again in 1945, built a home, and settled with his wife and family in Cottage Grove.

Outdoor Man

A bowler for 24 years, the good-natured recreation director also likes to hunt and fish. He hasn't had much time to do either since he started working at the Student Union, due to lack of help and inexperienced personnel, plus a rush of fall term students.

Very earnest about his job and profession, Bellisimo promised that if it was at all possible he would schedule exhibition bowling by first rank bowlers through Eugene.

Bellisimo was employed at the SU through the combined efforts of Ray Hoffman, manager of the Eugene Bowling Alleys, a former Angelerio (L. A.) and the Brunswick Equipment Company, manufacturers of bowling equipment. They heard he was living in the Northwest and suggested him to Dick Williams, director of the Student Union. He was immediately employed.

Good Alleys

Quite proud of the bowling alleys, the man with the quick smile and friendly laugh, calls them alleys of a "high speed" type. He accounts for them being that way, because of the steady temperature that is maintained in the room.

The Union's alleys are in use every morning Monday through Saturday by the physical education department. All students may use them in the afternoon and in the evenings after the campus

bowling league games.

League games are another of the ideas that Bellisimo has been working on. So far he has lined up a WAA tourney with approximately 32 teams, and also has arranged for an inter-dorm league.

However, Bellisimo stressed the fact that tourney games would be early in the evening so that students not on teams, or that wish to practice, could use the alleys during the rest of the evening.
