

Campus Merry-Go-Round

At ADPi...

A summer pin was accepted by Barbara Callender from Sig Ep Rod Heestand early in July.

Summer engagements were:

Jan McCoy to Bob Cook, Lambda Chi Alpha; Charlotte Stone to Pat Rankin, Oregon State College; Pricilla Cuthbert to Gary Haynes, Phi Kappa Sigma; and Shirley Crabb to Bill St. Hilaire, Pi Kappa Phi.

Married are:

Fran Baldwin and Lou Hedlund, Delta Upsilon; Lois Rettig and Claud Sourbeer; Ann Cuthbert and Bill Bowerman, Nu Sigma Nu; and Ann Butler and Chuck Wirkkula.

At AOPi...

Along with Portland weekend excitement, Mary Ellertson returned to campus wearing the badge of Theta Chi Ray Swarthout.

A welcome guest at AOPi this year is Maire Parkali, a Finnish student majoring in history. Maire likes Americans because they are "so alive" and feels very much at home, although she arrived only a week ago.

In the matrimony department, there were two summer weddings—those of Mary Keller to Sigma Nu Jim Burwick and Joy Miller to Kappa Sig Lee Perry.

At Sigma Chi...

Contrary to the shortage of occupants being felt in many cam-

pus living organizations, the Sigma Chi house is fairly bursting at its seams as the result of numerous membership affiliations transfers, and the acquisition of a German exchange student.

Tom Myers is a transfer from San Diego State, Jim Dersham and Harrison Fagg from Montana State, Jack Clement from Oregon State, and graduate student Foster Provost from Louisiana State.

Wilfred Meading, sophomore in journalism, attended the University of Berlin last year. "Fred" has been teaching the fellows German songs.

Several former Webfoots have returned to the University this fall after attending other local colleges. They are Millard McClung, Dick Ruckdeschel, Jim Anderson, Emile Holeman, and Dick Estey.

At Sig Ep...

The armed forces have taken their toll on the Sig Ep house. Rog Middleton, Bud Barnum, Newt Thornton, and Sam Wilson have enlisted in the Air Force. Jim Purcell was recently recalled by the Navy. Glenn Lorenz is now in the Coast Guard.

Dick Kading has been selected cadet colonel of the ROTC Air Force.

An overheated boiler Sunday brought the Eugene Fire Department and caused some excitement amongst the four weekend stay-at-home residents.

Roommate Comes Through In Clutch

A roommate can be very helpful at unexpected times—as illustrated by a little drama enacted in the middle of the Burnside Bridge in Portland last Saturday.

The car in which freshmen Gail Savage and Lila Carlson were riding became stalled on the bridge. There they were, stuck in a line of several hundreds of cars also returning from the game.

Amid the harsh chorus of honks from irate drivers came one friendly "beep." It turned out to be Kay Woodson, Lila's roommate, and Martha Bartenhagen, who lives just below the three in Hendricks Hall.

They gave Gail and Lila's car a few helpful bumps and both cars finally moved off the bridge under their own power.

IBM means International Business Machines. This choice fact is meant to enlighten freshmen, and make seniors smile as if they'd always known it.

In this day of war and rumors of war:

There is no such thing as an inevitable war. If war comes it will be from failure of human wisdom—Law.

Duck Spirit

(Continued from page one) still in the preliminary stages, according to a report from Herb Nill, first vice-president. Present plan of action is to secure 10 signers to a petition of living organization intramural managers asking for a meeting to discuss the question.

The idea of having student dancing lessons as a recreational activity was turned over to the Student Union ballroom committee for consideration. Dancing has been offered as a course by the General Extension Division in previous years, but some movement in the direction of non-class dancing lessons has been underway since last year.

Reporting on the student court, Don Paillette stated that student license cards and parking permit stickers were issued to student car-owners during registration and are now ready for operation.

Students who failed to register their cars during the regular registration period may sign up at the Student Affairs office in Emerald Hall, Paillette explained.

Car Owners Need Stickers

Any student car-owner whose vehicle is found parked in a student lot without sticker on display will be fined, he said.

Petitions for new student court members will be called for within the week, ASUO President Barry Mountain stated.

Rally Board Member Jim Crismon reported that the board is now contacting various western institutions on their ideas for rally promotion, presentation, and entertainment.

The council voted \$24.55 for the purchase of a new ASUO minute book, which will be completely bound in leather. The president was authorized to purchase a new ASUO gavel to replace the old one, engraving space on which has been completely filled with the names of past student body presidents.

Appointments to Committees

Appointments to student faculty committees made during the summer were announced, as follows: assembly committee, Donna Mary Brennan and Bob Gray; military education, Jim Goode; student affairs, Barry Mountain, Barbara Stevenson, Jackie Pritzen, and Hank Panian; student discipline, Ed Peterson, Anne Goodman, and Eleanor Johns (withdrawn from school and replaced by Tom Barry); student publications, Anita Holmes, Ruth Landry, Bob Funk, Herb Nill, Bob Schooling, Don Smith, and Don Thompson.

University Play Nears Opening

Tryouts for one play and rehearsals for another are the order of the week at the University Theater.

Final casting for "Born Yesterday," first presentation of the regular season, continues this week; and brush-up rehearsals for "John Loves Mary," pre-season show, started last night in preparation for performances this Friday and Saturday nights.

Season ticket holders have first preference of seats for the return engagement of "John Loves Mary". Cards sent out to season ticket buyers should be returned to the theater box office by Tuesday evening, Virginia Hall, business manager, has stated. Since this is an additional production, season ticket stubs are not valid.

Box office opens at 10 a. m. Wednesday for regular sales. The Friday night performance has been sold to the Soroptimist club of Eugene, and persons wishing to buy tickets for that evening

may contact a member of the club. "John Loves Mary", directed by Otilie T. Seybolt, was the last production of the summer session season. Because of its success the production is being given two return engagements this fall. This is the first time that the University Theater has given a summer season play as an added attraction before the opening of the regular season.
