# Korean, French Film Show Set

Tonight's weekly movie program sponsored by the Student Union Board will feature "Voyage Surprise," a film by Jacques Prevert, foremost screen writer of France.

Showings of the film and two shorts will be at 7 and 9 p. m. in 207 Chapman. Students, faculty, and townspeople may attend.

"Voyage Surprise," is the story of a mad old man on a zany jaunt where anything can happen. On a "surprise" tour, the old man is in direct competition with a big-time tourist bureau. Prevert, the writer, is also creator of "Children of Paradise."

Two shorts, "Northern Korea," and "Boundary Lines," will also be shown. The first is a documentary film depicting life in Northern Korea after 30 years of Japanese rule.

"Boundary Lines" is an imaginative presentation of human relations problems, urging elimination of arbitrary boundary lines.

# Member Drive YM Discussion Topic

The YMCA will hold its first general meeting from 6:30 to 7:30 p. m. in the Student Union for all members and men who wish to become members.

The main topic for discussion is the membership drive. A new practice of giving complimentary membership cards to new students has been introduced to encourage membership.

After the business meeting, Roy C. McCall, head of the speech department, will give a short talk on "The Place of the 'Y' in University Life."

You may know your onions, but it's just as important to know your beans, corn, etc., this summer.

# President to Meet With MacArthur

Compiled by John Barton  
From the wires of Associated Press

President Truman and Gen. Douglas MacArthur will meet this weekend, somewhere in the Pacific. The purpose of the meeting is to discuss "the final phase of United Nations actions in Korea."

According to Charles Ross, White House secretary, the initiative for the meeting was made by Mr. Truman. Ross also said that the decision to hold the meeting came up "fairly fast." However, he did say that it was not the result of any sudden emergency. This will be the first meeting of the President and MacArthur, who have never seen each other. MacArthur has not been in this country since 1937.

## President Truman...

... will deliver two important speeches after his return from his Pacific rendezvous with MacArthur. The first will be in San Francisco, October 17. No site has been selected for the talk, but the message will deal with foreign policy, and will be "non-partisan."

Mr. Truman's second talk will be given before the UN on October 24. And it is expected that his review of the Pacific situation will be the basis for the speech.

## Yugoslavia Joined Forces...

... with several other small powers Tuesday in support of the Seven-Power Plan. This plan authorizes the United Nations General Assembly forces to combat aggression. Australia, Peru and Brazil were the other countries backing the U. S. led program.

Immediately after this announcement, Soviet Foreign Minister Andrei Y. Vishinsky told the UN Political Committee this Anti-Agression Plan "would explode" the UN charter from top to bottom if some parts of their proposal were adopted. He was particularly bitter about a provision for calling the assembly within 24 hours when the Security Council was paralyzed by the veto.

Vishinsky felt that this was merely a proposal by the 7 powers to liquidate the veto. Vishinsky's statement had been eagerly awaited by Western diplomats who wished to know if there was any chance of Soviet agreement on a major part of the resolution.

## Draft Quotas...

... for December were announced yesterday, and the figure was set at 40,000. This compares with 50,000 in September, 50,000 in October, and 70,000 in November. The December call will bring the total to 210,000.

The Navy and Air Force which so far have not asked for draftees, will not ask for any in December it was disclosed. The Army will thus receive the total number, which will be selected from local draft boards with men in the 19 to 25 age bracket.

## Housing Credit...

... is the latest thing to be put under tighter control by the government. The terms as they now stand require non-veterans to make cash down payments ranging from 10 per cent on houses costing under \$5,000, to 50 per cent on houses priced from \$24,250 and up. Down payments for veterans will run from five to 45 per cent.

The controls are aimed at cutting the pace of home-building from the present record rate of 1,300,000 homes a year, to a maximum of 800,000 in 1951. The control terms will apply to houses started since "noon on August 3", and not covered by loan commitments made before that date.

## A New Stabilization Board...

... was set up by President Truman Tuesday, to be headed by Cyrus K. Ching, present head of the government Conciliation Service. The board will have nine members, and will be part of the new Economic Stabilization Agency. There will be three members from each of the Public, Labor, and Business and Industry. Ching will be one of the public members.

Dr. Alan Valentine was appointed to head the ESA, and Ching's board will make recommendations to Valentine concerning policies for holding down wages in the event of wage-price controls. Yet to be named is a Director of Price Stabilization, who will also work under Valentine.

## Vice President Barkley...

... will be in Tacoma, Wash. today for the first of two speeches in the Seattle area. The subject of the Tacoma talk has not been announced, but the VP will speak from a stand at a downtown intersection. Wednesday night Barkley is scheduled to address the annual Jefferson-Jackson Day dinner in Seattle.

## Sen. Glenn Taylor's Extradition...

... will not be carried out if Gov. James E. Folsom of Alabama has anything to say about it. Taylor lost out on an appeal to the U. S. Supreme Court this week from a disorderly conduct conviction in Birmingham two years ago. At that time he was given a 180-day sentence.

Birmingham Police Commissioner E. C. Connor said he would "leave no stones unturned" to get the Senator back to Alabama to serve out his term. Meanwhile, Folsom said his administration had been doing all possible to eliminate "political prisoners."

"I am not going to be a party to anything that means taking away the political rights of any man," Folsom said.

## National Guard Units...

... of the 60th Air National Guard Fighter Wing will be reorganized November 1. The Wing will be redesignated as the 142nd, but this change will have little effect on the number of personnel.

Wing headquarters will remain in Spokane, but Group combat headquarters will be at Portland. Designation of three of the four squadrons will remain the same. The fourth, at Portland, will be known as the 142nd.

Gen. Wallace, Commander of the 60th said the organization is a move to unify the wing as a self-sufficient fighting organization, one that could be called upon to act as a unit without depending on other Air Force units.

## Trucker John Castner...

... is back on his Portland-Roseburg run today, after winning for the second year the national championship in driving a heavy-duty truck and trailer. Castner is a Pierce Freight Lines driver.
