

British, Aussies Pass 38th Parallel

Compiled by John Barton
From the wires of Associated Press

Troops of four United Nations are continuing to push north of the 38th parallel today. British and Australian forces, crossing into North Korea in force for the first time, have advanced as fast as 10 miles in some places.

U. N. Pincers . . .

. . . are closing in on the Red City of Kumchon, which sits on the main road leading to the Communist Korea capital of Pyongyang. The Red refusal to accept General MacArthur's surrender terms are slowly spelling "finish" for the Korean Communists.

The Allies aren't hurrying into North Korea—they're taking their time, saving as many lives (Allied) as they can. But reports indicate it won't be long before the all-out push to destroy Communism in Korea begins.

Russia Pulled Another Surprise . . .

. . . in the U. N. yesterday when its delegation proposed that the security council speed efforts to establish an international police force. The police force, of course, would be for stamping out aggression wherever it should arise.

The Russians, say Delegate Vishinsky, also want the five major powers of the U. N. to confer among themselves on steps to maintain peace.

And to the Russian statement, Canada's foreign minister, Lester B. Pearson, said the Russ should back up their statements with the peaceful intentions and actions. "We will wait with eagerness for that . . ." Pearson said.

East German Elections . . .

. . . are being blasted by the United States, as U. S. officials say the Russians are attempting to consolidate the Soviet Empire in Germany with the one-ticket election.

And as the U. S. issued its broadsides condemning the elections, Reds in East Germany prodded 13 million voters out to the polls to try for a unanimous ballot for the hand-picked single slate of candidates. About 70 per cent of the names on the ballots are Red.

Railroad Wage Increases . . .

. . . are being asked by firemen and enginemen—to the extent of 35 cents an hour. And yesterday heads of 15 railroad unions representing a million non-operating employes decided to ask for a 25 cent an hour wage hike. The demands are on a national basis.

Also on the labor scene, United States Steel corporation has decided to meet with the CIO United Steelworkers for negotiations on a new labor-management contract. U. S. Steel, maker of one-third of the nation's steel, will talk to union heads Oct. 16. Wage talks are already underway between the union and 35 other steel companies.

The present contract says new wage talks don't have to start before Nov. 1, but union head Philip Murray says they must talk now for "a very healthy and substantial increase."

President Truman Is Off . . .

. . . for the Pacific and his scheduled talk with General MacArthur. He left on the first leg of his trip yesterday when he took off from a Washington airport for an overnight stay in St. Louis. Truman has never met MacArthur . . . Doug left the country in 1937 and hasn't been back from the Pacific since then.

Alaskan Elections Look . . .

. . . good for Republicans as the first returns are counted. The old saying of "As goes Alaska so goes the nation" is making some Republicans mighty happy. Alaska sends a non-voting delegate to the House of Representatives in Washington, D. C. Right now, the Democratic candidate (and incumbent), E. L. Bartlett, is ahead of the Republican candidate, but he's not far ahead.

A New Casualty List . . .

. . . has been issued in Washington. The official total in Korea now stands at 24,163—that's a rise of over 3,000 in one week. Deaths amount to 3,614; wounded, 16,289, and 4,260 are missing in action.

Also in Washington, Secretary of State Acheson says we will have to send food to Yugoslavia. A bad drought there has cut crops way below normal. That would mean sending American bought food to independent-Communist Marshall Tito's nation.

Seizure of 95 Foreigners . . .

. . . by the federal government as they entered the port of New York has brought official protests from Italy and Western Germany. The move was a quick application of the new internal security act.

Beside the 95 persons sent to Ellis Island for investigation, nearly the entire crews of the two ships they came on were confined by immigration officials.

The persons were interned because they are either past or present members of Communist and other totalitarian groups.

Their final destination, as it applies to the U. S., will be determined by the attorney general.

Crime in the U. S. . .

. . . is coming under scrutiny of the Senate crime committee. The committee opened the New York-New Jersey phase of its interstate crime investigation yesterday. But one of its key witnesses is still missing. He's Joe Adonis. Joe's wife has been subpoenaed. Senators leading the investigation say they are trying to uncover a "large scale gambling operation that has interstate connections."

Color Television . . .

. . . as presented by the Columbia Broadcasting System has been given the go-ahead by the federal communications commission. CBS was given permission yesterday to commercially operate its color TV. And some TV set manufacturers are howling that they can't make quick changes in receiver designs so that their black-and-white sets can pick up CBS's color programs in black and white. CBS color starts Nov. 20.

Federal Job Conference Set

An informal conference on university-level jobs in the federal civil service will be held on the campus Oct. 19.

The conference is being arranged by the graduate placement service at the University and the Federal Personnel Council of Portland.

Included in the group who will speak at the meeting are Lyle Cunningham, assistant regional director-administrator of the Bureau of Reclamation, Ralph W. Sullivan, district manager of the Department of Commerce, and James P. Cooley, regional director of the 11th U. S. civil service region which includes the Pacific Northwest.

The program will open with a luncheon for the outside speakers and participating faculty members.

A general meeting will be held later for those students attending Sectional meetings to discuss opportunities and requirements in specific fields of the federal service; it will follow the general meetings.

In past years, the conference was held in the spring, but is being held in the fall this year to precede the federal service exams, which will be given later in fall and winter terms.

Christmas Parcel Deadline Set

"Christmas parcels for Navy and Marine Corps personnel serving in the most remote areas should be started on their way, not later than Sunday," Postmaster Ethan L. Newman said this week.

Parcels destined for delivery in Japan, Korea, and the Pacific Islands should be mailed not later than Nov. 1, and all Christmas mail should be mailed by Nov. 15. All mail after Nov. 15 should be sent by air parcel post in order to insure its being received by Christmas.

All articles for overseas are to be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, testing at least 200 pounds.

Matches and lighter fluid are unavailable. Cigarettes and other tobacco products are banned for transmission for delivery through Army post offices, including the parent postal organization and any units thereof bearing a hyphenated suffix which are located in Austria, England, Trieste, and also Navy No. 913 in Germany.

A weight limit of 50 pounds has been established for parcels addressed for delivery to APO's 124 and 125, care of postmaster, New York, N. Y.

Westminster Plans Annual Retreat

Westminster House will hold its annual fall term retreat Saturday, at Camp Lane on the Siuslaw River. The group will leave Westminster House at 7:30 a. m. Saturday and will return to the campus in the evening.

General chairman for the affair is Beverle Goheen, who is being assisted by the members of the Student Council at Westminster House. Rev. Thom Hunter, University pastor, will accompany the group. Students desiring to attend may sign up for the trip at Westminster House, 1414 Kincaid St., by noon Friday.

Castell Presents New Radio Series

Alburey Castell, head of the philosophy department, is presenting a new series of radio programs called "Puritanism to Pragmatism," over KOAC.

The series, which deal with men, books and movements in American thought, started last Wednesday at 6:45 p. m.

Tape recordings of Castell's programs will be sent to the University of Iowa and to the University of Minnesota.

Young Republicans Meet Today in SU

Election of officers and outlining of the program for the year will be the main business of the Young Republican Club, which will meet at 7:30 p. m. today in the Student Union.

One of the main activities of the club this year will be the sponsorship of speeches by outstanding Republican party leaders, President Bill Lees said.

All students are invited to attend the meeting, Lees stated. There is no age limit for membership.

IM Volleyball Lists Practice Schedule

Thursday:
4:50 p. m. Zeta Tau Alpha vs. Alpha Gamma Delta Carson Hall
5:20 p. m. Highland vs University House
Ann Judson vs Susan Campbell III
Orides vs Susan Campbell II

We've already seen the biggest fish of the season—sitting right on the bank.

- Young Republicans, 334 SU
- Russian Club, Dad's Lounge (217 SU)
- 7:30 p. m.—Delta Theta Phi, 110 SU

Infirmary Holds Record Seventeen

Seventeen students were bedded down in the infirmary yesterday. This is the record number for the term. Infirmery capacity is 26.

Temporarily out of action are Donald Kalberer, Charles Schwan, Bill Southwell, Bill Pritchett, Janet Collins, Ada Ferrari, Winetta Erickson, Shirley McFarland, Irma Bostock, Julia E. Orriek, La Delle Eischen, Elmer Pyne, Max Ingerson, Franklin S. Wise, Luther Jensen, Robert Mullen, and Ines Pozzi-Escot.

So far this year, the number of men students admitted to the infirmary has outnumbered the women students by much more than the all-campus ratio of two to one.

A will of your own is more apt to help you succeed than the will of a rich relative.
