

Frosh Women Free to Attend Theater Night

Freshmen women may secure permission to attend the University Theater Night, scheduled from 7:30 to 8:30 this evening in the theater, Mrs. Edith Jacobs, women's counselor said Wednesday.

Any student interested in the theater may attend this general gathering which is the big night of fall term for theater people. Descriptions of theater activity, the 1950-51 season, the season-ticket plan, the opportunities for theater experience, the annual awards presentation plan, and other phases of the theater will be given by staff members.

Tru Vosburg and Elmarie Wendel will present a scene from "Morning Becomes Electra," and other scenes may be presented if time permits, according to theater director Horace W. Robinson.

Staff members who will be introduced at the meeting, conducted by Robinson, will include Gordon Ericksen, Gerry Hettinger, Frederick Hunter, assistant professor of speech and Mrs. Otilie Seybolt, associate professor of speech.

After the main session in the theater auditorium there will be an informal reception for those students who can stay. Pat White is in charge of refreshments.

Students are welcome to inspect the theaters after the meeting and may attend rehearsals of "Born Yesterday," or tryouts of "Othello," according to directors Robinson and Seybolt.

Skull and Dagger, sophomore, will be in charge of both the dunking of violators who do not grow beards and ticket selling in their respective living organizations for the Whiskerino Dance.

At a meeting of the honorary last night, the members decided that the first day for dunking will be on Friday, from 12:30 to 12:50, in the pool behind Fenton. All sophomore men who have neglected to grow beards will be requested to report to the pool properly attired.

Student Athletic Group Discusses Boxing, Game Seating, Ski Team

Intramural boxing, seating at football games, and a University ski team were three of the subjects discussed Wednesday noon at the first meeting of a student advisory committee to Athletic Director Leo Harris.

Harris and ASUO President Barry Mountain established the committee to act as a liaison between students and the athletic department. It will meet at least once a term and other times when necessary, members decided.

No votes were taken or definite decisions made by the committee, which is purely advisory.

Grants-in-aid for athletes were explained by Harris. The effect of fraternities' hands-off rushing policy on freshmen athletes was brought up.

Play-Offs Discussed

Also discussed were the pos-

sibility of holding intramural play-offs in McArthur court, this winter's basketball games in Portland, and budgetary limitations of the athletic department.

Committee members present at the first meeting were Mountain, Bill Harber, IFC president; Don Peterson, Order of the O president; Barbara Stevenson, AWS president; Bill Clothier, Interdorm Council president; Anita Holmes, Emerald editor; and Herb Nill, ASUO vice-president.

Alumni Form Committee

Mountain and Harris emphasized the need for students to take any questions concerning the athletic department to members of this committee.

A similar advisory committee composed of University alumni representing different sections of the state recently was formed.

Russian Movie Surprises Viewers

Viewers of Tuesday night's movies in Chapman Hall were treated to a novel, if unexpected and unplanned surprise, when they saw a Russian-made propaganda film on North Korea.

The movie was selected at random from a movie catalogue, according to Don Hunter, head of the Audio-visual department. The source of the film was not known until it was shown before members of the audio-visual department Tuesday afternoon.

"Without some sort of announcement," said Hunter, "a movie of this sort could be dangerous."

A slide put on the screen before the showing warned audiences of the content of the film.

The movie, probably the first seen locally showing scenes of Russian-occupied North Korea, presented the Russian viewpoint. The cruelties of the Japanese occupation were carefully depicted as were the changes made by the Soviets following occupation of North Korea. Long, delayed shots of Russian leaders, scenes of gay, jovial and friendly Soviet troops, and careful depiction of how North Koreans control their own country highlighted the film.

Members of the audience admitted that the movie was interesting in view of the manner of presentation.
